"Young Spivey evidently got up in the middle of the night and made his way to the street, hinking he was going for a walk He left home by the front door, and the sound of closing it did not wake him, neither

did contact with the snow on his bare feet. The youth was chilled to the bone when found by the policeman. At St. Bernard's hespital it is said it may be necessary to amputate his feet."

Nothing will relieve Indigestion that is not a thorough digestant. Kodol digests what you sat and allow the stomach to rest—recuperate—grow strong again. KODOL is a solution of digestive acids and as nearly as possible approximates the digestive pites that are found in the stomach. KODOL takes the work of digestion of the digestive organs, and while performing this work itself does greatly assist the stemach to thorough rest. In addition the ingredients of KODOL are such as to make it a corrective of the highest efficiency and by its action the stomach is restored to its normal activity and power. KODOL is manefactured in strict conformity with the National Pure Food and Drugs Law. Sold by Standard Drug Co. and Asheboro Drug Co.

OLD SALISBURY LANDMARKS GOING

Homestead That Has Seen More Than Century to Vield to Business Block.

The landmarks of Salisbury are being torn down and two of the oldest will soon be nothing but naked lots upon which something greater and finer will be erected. On the corner of Main and Bank, the old-Davis homestead, recently sold twice, irst by O. D. Davis to B. B. McCanless and then by Mr. McCanless to W. S. Blackmer and M. S. Brown, is being torn down and will be disposed of soon. The old Davis home has a history. It was here be-fore the beginning of the nineteenth century, and is contemporary with the old Mansion House from whice George Washington was an occasion al incomer and outgoer. It was here that General Green was given the money by Elizabeth Maxwell Steele.

Chew What You Know About and Know What You Are Chewing

There is real pleasure in chewing the best tobacco grown-where the best tobacco grows-in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and onequarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along-one chewer makes other chewers-until the fact is now established that there are many more

chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

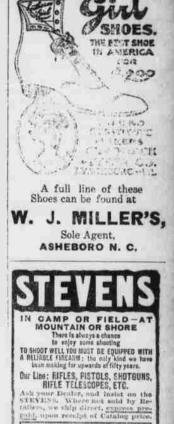

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich; because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c, plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for to acco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. Cuts. Strictly 10c. and 15c. Plugs
