THERE IS A REASON FOR CHEWING REYNOLDS' SUN CURED TOBACCO

Chewers becoming tired of heavily sweetened sun cured tobaccos caused REYNOLDS' SUN CURED to quickly win from the old brands of much longer standing the place as favorite with sun cured chewers, because it contains just enough proper sweetening and flavoring to preserve the quality of the leaf and enhance its goodness, causing a large increase in the demand for sun cured tobaccos.

REYNOLDS' SUN CURED

is not only pure sun cured, but it is made from choice selections of the genuine sun cured leaf grown where the best sun cured tobacco grows. It is like that you formerly got, costing from 60c. to \$1.00 per pound, and is sold at 50c. per pound in 5c. cuts; strictly 10c. plugs, and is the best value in sun cured tobacco that can be produced for chewers.
