Mix This at Home.

The following simple home-made mixture is said to readily relieve and overcome any form of Rheumatism by forcing the kidneys to filter from the blood and system all the uric acid and poisonous waste matter, relieving at once such symptoms as backache, weak kidneys and bladder and blood diseases.

Try it as it doesn't cost much to make, and is said to be absolutely harmless to the stomach.

Get the following harmless ingredients from any good pharmacy: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in a bottle, and take a teaspoonful after each meal and again at bedtime.

This simple mixture is said to give prompt relief, and there are very few cases of Rheumatism and Kidney troubles it will fail to cure permanently.

These are all harmless, every day drugs, and your druggist should keep them in the prescription department; if not, have him order them from the wholesale drug houses for you rather than fail to use this, if you are afflicted.

Work will begin May 1st on the new cotton mill at Clayton, Johnson County. The company has not yet applied for a charter.
