## NEED VINOL

it strengthens and vitalizes

it strengthens and vitalizes
With old age comes feebleness and
loss of power; the blood is thin and
digestion weak.
Vinol repairs worn tissues and
checks the natural decline. It tones
up the digestive organs, aids assimilation, makes rich red blood, and
strengthens every organ in the body.
In this natural manner Vinol replaces
weakness with strength.
Vinol contains all the medicinal
elements of cod liver oil in a concentrated form, taken from fresh cods;
livers, the useless oil eliminated and
tonic Iron added.
Try it on our guarantee.

# Masses, John Turner, Nat Themax and days has returned home. D. H. Hall is preparing to begin work on the streets in consequence of the last issue of \$22,500 of bonds for that purpose. Application has been made to the Board of Alderman for a franchesis by a company who propose to install an electric power plant. The plant will be installed at an early date and by fall Randleman will have electric pignits. Samule II. Randleman will have elec Heat on Tobacco Improves it Like Roasting Improves Green Coffee. Heat Develops the Stimulating Aroma and Taste tound in Schnapps Tobacco and Coffee

Three ways are used by farmers for curing and preparing their tobacco for the market; namely sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured.

In flue curing the tobacco is taken from the fields and racked in barns especially built to retain heat and there subjected to a continuous high temperature, produced by the direct heat of flame heated flues, which brings out in the tobacco that stimulating taste and aroma that expert roasting develops in green coffee. These similar processes give to both tobacco and coffee the cheering and stimulating quality that popularizes their use.

The quality of tobacco depends much on the curing process and the kind of soil that produces it, as expert tests prove that this flue cured

tobacco, grown in the famous Piedmont region, requires and takes less sweetening than tobacco grown in any other section of the United States and has a wholesome, stimulating, juicy, full tobacco taste that satisfies tobacco hunger. That's why chewers prefer Schnapps, because Schnapps cheers more than any other chewing tobacco, and that's why chewers of Schnapps pass the good thing along -one chewer makes other chewers, until the fact is established that there are more chewers and more pounds of tobacco chewed to the population in states where Schnapps tobacco is sold than there are in those states where Schnapps has not yet been offered to the trade. A 10c. plug of Schnapps is more economical than a much larger roc.
