There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. COURIER PRIZES ASTONISH MUSICIANS

The Courier Piano contest is a lively affair. It is well worth working for and there is no certainty as to who will be the fortunate winner. It is on exhibition at the store of Messrs. Wood & Moring and cost us \$400 and will cost you that if you buy it. A number of the best musicians in this section of the State have been greatly surprised on examination to learn that we are really giving away a first class, up-to-date, one-price piano, which cost in the market \$400 of any body's money. But that is not all; we are giving away, not hundreds, but thousands of dollars in prizes, lists of which we have published from time to time in The Courier. How can we afford it. It may be we cannot, but that is not the question, we are really giving these prizes, and our friends are doing the rest. They are taking care of us pretty well in the way of securing subscriptions. We are getting new subscriptions every day from far and near. The most popular feature of our contest is the Jamestown trips. It is not too late to enter to win one of these trips. There are so many of them that there are not really enough young ladies actually working to win all, and more must enter the race of active workers. We have a clubbing offer which is so attractive that anybody can get subscribers for The Courier.

The Jamestown Trips.

Instead of giving the six special prizes to those young ladies who stand next to the highest young lady, may go on the Jamestown trip in preference to taking the prizes offered in our first offer. So it will be sixteen under that proposition who may go on Jamestown trips. Then there is proposition number two under which other young ladies may go.

The following shows the standing of the clubs up to yesterday:

LEXINGTON VS. ASHEBORO.

Davidson Team Meets Defeat on the Local Diamond.

In an interesting game of ball on the local diamond, Asheboro defeated Lexington Thursday afternoon by the score of 5 to 4. Asheboro took the lead at the start and never allowed Lexington to forge ahead of her. The line-up of the Asheboro team was as follows: Fox, 1st B.; Armstrong, 2nd B.; Ruan, S. S.; Presnell, 3rd B.; Caudle, L. F.; Brown, C. F.; Thornburg, R. F.; Stedman, C. and Cox, P.

From the beginning it was evident that the game would be a close one, for on the field and at the bat the two teams were well matched. Asheboro, however, in the sixth inning succeeded in bunching several hits on Walthrop, and these, coupled with two errors on the part of Lexington, drove in four runs, and won the game for Asheboro. Walthrop was relieved in the following innings by Sexton, an old Asheboro player, who allowed no more scoring on the part of Asheboro.

Cox, for Asheboro, pitched an excellent game, keeping the hits well scattered. He was especially effective with men on bases, and after catching a few men at first base, he caused Lexington to abandon all idea of winning. Both teams gave good support to their pitchers, and the work of the two first basemen, deserves especial mention.

On the whole, the game was an excellent exhibition of baseball, tho' it was considerably marred by continuous kicking on the part of Lexington and the consequent ill feeling.
