There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a tea-spoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

EVERY FARMER INTERESTED.

Randolph County Annual Farmer's Institute, Asheboro, Wednesday, Aug. 7, 1907. The Annual Farmer's Institute for Randolph County will be held at Asheboro, Wednesday, Aug. 7, 1907. There will be two or three speakers present from the State Department of Agriculture in addition to the local speakers. These institutes are for a free and informal discussion of every-day farm problems and no farmer can attend and take part in these discussions without receiving more than enough benefit to pay for the time spent. No attempt will be made at this meeting to lay down hard and fast rules by which any man should run his farm, but improved farming methods will be discussed and the reasons why these methods are better than many of those now practiced will be given. We are assured that no speaker will recommend anything he has not himself done and that dozens of farmers in this part of the State are not also doing at this time. Do not forget the date of this meeting—Asheboro, Wednesday, Aug. 7, 1907,—and see that your neighbors know of it and attend.

STATE CONVICTS.

How They are Being Used by the State—State Farm. There are now 290 convict at the State farm on the Roanoke river near Weldon. The cotton crop there is not promising, though it is as good as, if not better than the cotton on private farms in that section. The board of directors ordered that the acreage this season be somewhat reduced. The Atlantic Coast Line Railway is double tracking between Weldon and Wilmington, and three gangs of State convicts are engaged in this work, these being now in camp at Weldon, Burgaw and Wilmington. There are 224 in the three gangs. There are now 34 convicts at work on the Wilkesboro-Jefferson turnpike, being quartered at Jefferson. The work is almost done and they will probably be released this month. The convicts are now worth a dollar and half per day to the State for their labor, this being double the price secured a few years ago. The number of convicts in the penitentiary is 118.

EQUALIZATION BOARD.

Meeting Held at the Court House Monday—Completed Its Work. The board of county commissioners, in conjunction with the list takers and assessors from the different townships in Randolph county met in the county courtroom Monday, as a board of Equalization. Not all of the townships were represented, but there was a good majority present. They examined the records of each township, going at their work in a conscientious manner. The increase in the valuation of property in Randolph county cannot be estimated at the present time, but all townships have advanced to some extent.
