Facts About The Great Majestic Range.

It is the only range in the world made of Malleable and Charcoal iron. It has beyond any question of a doubt, the largest and best reservoir. It uses about half the fuel used on other ranges and does better work by far. The Majestic All Copper Nickled Reservoir heats water quicker and hotter than any other. It is the only reservoir with removable frame. The Charcoal Iron body of the Great Majestic Range lasts three times as long as a steel body. Being made of non breakable material, there is practically no expense for repairing the Majestic. As for baking it is perfection, not only for a few months, but for all times to come.

PROOF.—We don't ask you to take our word for any of the above statements but if you will call at our store, a man from the factory, where the Majestics are made, will prove to your satisfaction that these are absolute facts and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

RANDOLPH BOY IN KANSAS

Interesting Letter from "Doc."
—Appreciates the Courier

Emporia Kansas

Aug. 1st.

Dear Editor the Courier:

Some time ago I received notice that my subscription to the Courier for the year 1907 was yet unpaid. "However" in reply will say that I am very sorry that I have been so neglectful, but in order to show the Courier how much an old Randolph boy appreciates reading the news from his old home county and also the news in general I enclose \$2 to for which send me the Courier until Jan. 1, 1909.

I will in conclusion state that if the Courier will permit me a small space that I am glad to see my native state making such wonderful progress in a great many ways. In one instance the noble state of Kansas has made for its "rights" in regard to railroad rate legislation. A few more good men like Gov. Glenn and Senators Tillman and LaFollette will most assuredly bring success and protection to the common people. Best of all it would mean the downfall of the trusts and big combines that are so fast demoralizing and ruining our good country.

By the way, I must mention that I recently listened to two of the most wonderful speeches I ever heard. Our very distinguished orator, W. J. Bryan delivered an address here in Emporia to ten thousand people. His subject was "The Average Man", but during his lecture he touched on many subjects which were listened to with much interest. On the following afternoon Senator LaFollette talked 3 1/2 hours of what the trusts, combines and railroads are doing for our country. His speech was wonderful of course. I stand right in line with Tillman in a speech made here in Kansas last Saturday (I believe it was). If my vote will make W. J. Bryan president next fall, 1908, he will be the man.

Now I have gone into more lengthy details than I intended, so I will close by wishing the "Courier" much success in its work. I am always pleased to see my paper. With best wishes to each and all of my old friends, I am very truly yours,
"Doc" or P. M. VICKORY.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble. Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Vinol is as delicious as a fresh orange, and as soothing as can be to the weak, irritable stomach. It coaxes back lost appetite, improves digestion and creates strength throughout the whole system. We strongly recommend Vinol to all who are weak and run-down from any cause,—particularly to delicate women and children, old people and for those who have pulmonary troubles. Money back if you try Vinol and are not satisfied.

High time for low-cuts. But no time for high-priced low cuts.

The CROSSETT is moderately priced, but is more than a moderately good shoe. It is positively the largest value for the money in this town. Below this price—\$4.50—quality balks; above it, quality adds only fads and frills. But for sound, solid worth, the CROSSETT is your shoe.

It fits—it feels good—it walks and wears well—and it's natty. What more can you ask for leather.

This new Blucher Oxford has dull kid tops, patent vamp, military heel.
