MODERN METHODS

How They Have Improved a Standard Remedy.

In the 17th Century a wave of excitement swept over England and France when the medical profession discovered such wonderful curative elements in the cod's liver.

In the 18th Century cod liver oil was imported and used extensively by physicians in this country, but it was found to be adulterated to a great extent, and the useless heavy oil which enveloped the medicinal elements, a great hindrance to its medicinal value.

In 1855 a famous physician from the Hague went to Norway and after two years of experiment and research produced a light brown oil from the cod's liver which was found to be more valuable than the pale yellow oil from the same and color was a sign that it was really pure.

... and it is this pure cod liver oil that is the basis of the modern method of preparing cod liver oil for medicinal purposes.

Surprise For The Bridegroom.

Tid Bits.

The groom entered alone and said confidentially:

"Do you use the word 'obey' in your marriage service, Mr. ---?"

"No," said the minister; "I do not, usually."

"Well," said the expectant Benedict. "I have come to ask you to marry me now, and I want it used."

"Certainly," replied the other.

"It shall be done." And presently the couple stood solemnly before him.

"James T.," said the clergyman, "do you take this woman to be your wedded wife?"

"I do."

"Do you absolutely promise to love, honor and obey her for long as you both shall live?"

"Honor and rebellion strapped!

with the sanctities of the occasion on the bridegroom's face, but he chokingly responded, "I do," and the meek bride decorously promised in turn.

After the ceremony was over the bridegroom said excitedly aside to the grave minister:

"You misunderstood me, sir; you misunderstood me! I referred to the woman's promising to obey."

"Ah, sir, in deed?" acutely answered his reverence. "But I think what is good for one side is good for the other, don't you? And, my friend, it is my advice to you to say no thing about it, for as an old married man I can tell you you'll have troubles anyhow."
