Without a doubt one of the merriest events of the year was pulled off in Memorial Hall last Saturday night. This event was the minstrel given by local talent. Besides jokes that made one laugh until one's sides hurt, there were songs of all descriptions, imitation legal addresses, and numerous other things of a laughable order. Another feature of the evening was the playing of the Guilford College orchestra, a rather late but, nevertheless, splendid arrival at Guilford.

**Farmer Notes.**

At a meeting of the school committee on the 21st, Mr. George W. Bradshaw was re-elected principal for next year. Mr. Bradshaw's work in and for the school during the past school year has been entirely satisfactory to the patrons as well as to the committee, and this action of its members is heartily sanctioned by the people of the district.

The election of other teachers was postponed till a later meeting. On account of the recent illness of Mr. Bradshaw, which kept him from his work for three weeks, and from which he is not yet entirely recovered, although he has taken up part of his work in the school, there will be no commencement exercises at the close of the present school term. The preparation necessary to have creditable exercises would be too severe a tax on his strength, and the time being so short the committee and teachers agreed that no effort at all should be made to close with a commencement. As there has been so much smallpox in adjoining townships this decision will meet with no opposition among the patrons of the school.

Skeen & Moffitt's reduction sale has closed, and Mr. Skeen has gone to Buco to take charge of the stock of goods recently purchased by W. J. Miller. His family will remain here till the school closes. Mr. Moffitt is still selling goods at the old stand.
