Asheboro, N. C., November 14, 1913

Confidence was inspired in the Democratic party because it nominated a strong and able man for President.

No man in North Carolina has fought harder for Democracy than Locke Calg. His is a sweeping victory over two opponents.

MANY REPUBLICANS VOTE DEMOCRATIC.

The Wilmington Star discusses the election returns and talks interestingly of how many Republicans voted the Democratic ticket.

The reason for this change of party is best accounted for by Dr. Henry Wade Rogers, dean of the Yale Law School, a Republican of long standing. He voted for Wilson for President and Foss for Governor because he had made up his mind, he explains, to punish the Republican party as the representative of the mercenary interests that have preyed upon the people for a generation. That was a powerful reason, but he adds: "I wanted to punish the Republican party for the sin of big business in partnership with crooked politics." Dr. Rogers further said he voted for Wilson "because the Democratic candidate possesses the energy, the ability, the courage, the independence, and the respect for the constitution and the laws, which are so necessary if one is to fill the high office of President of the United States."

The truth is, a political change was imperative, and of the three parties in the contest the Democratic party was accepted as the one most to be depended upon for a change in the interest of the people. Confidence was inspired in the Democratic party because it had nominated a strong and able man for President. Thus we note how fortunate it was for the Baltimore convention to have had the wisdom to nominate a man like Wilson, with the prestige, the learning, the capability, the patriotism and the high purpose to restore the government to the people.

Of course, the landslide for Wilson and Marshall was because of the fact that the Republican party was divided against itself. The cause of that division is precisely that given by Dr. Rogers. The Republican party's alliance with the predatory interests was so manifest that patriotic and lifelong Republicans could no longer regard it as a friend of the people. That accounts for the fact that the Republican party's nominee received only 12 votes out of 531 in the Electoral College.

The Republican party had betrayed the people into the hands of the trusts, and whatever issues may have been sprung by the Bull Moose, the people knew that the only issue was the tariff and the trusts, twins so closely related that it is not necessary to mention their kinship and oneness. The Star emphasized those as the issues and to save our lives we could not see any other issues and if there were others their importance was so insignificant in comparison that the people never look them seriously.

Senator Simmons will be chairman of the finance committee unless all signs fail.

The custom of slaughtering or shipping calves should be discontinued. Cattle raising should be encouraged in every way possible.

The meaning of the election is that the people of the United States are tired of the alliance and partnership of the Republican party and special interests.

Mr. Allen Browning, who lived at Worthville, in this county, for fifty years, and is an excellent gentleman—a thoroughly capable and worthy man, has been elected one of the commissioners in Orange county.

Joe Cannon, a long-time Republican leader in the House of Representatives, was elected by a narrow margin of less than one hundred votes. The first returns showed his defeat.

It was a glorious Democratic triumph in county, State and Nation. The people have placed their trust in a party that can and will afford relief. Masses saw the light and believed the promises.

The Democratic landslide was seen months in advance. Every student of political history who had studied the signs of the times saw clearly after the Baltimore convention that nothing could stem the tide which was sweeping over the country.

The Democrats stood by their colors, and Wilson, Craig and Simmons are victors.

Simmons ran on his record and not from it and offered no apology for it, and it was endorsed and its endorsement doesn't mean that he is not in accord with Craig and Wilson. He was the logical choice. The people have not forgotten his great service to his party, and the campaign of abuse and misrepresentation made against him has failed, as it should, to accomplish its purpose.

Only twelve electoral votes cast for Taft.

Protest of the American people against the machine methods adopted by the Republican leaders at Chicago in June, but the strongest thing that actuated the people in their votes was the confidence which the American people placed in Woodrow Wilson.

Josephus Daniels will certainly be offered a Cabinet position, and if he doesn't get one it will be because he doesn't want it.

The Republican party in this State appears to be officially dead. It did not poll 50,000 votes in the recent State election.

Only one county gave a larger majority to Senator Simmons than Randolph. Buncombe leads Randolph nearly one hundred votes.

RANDOLPH'S DEMOCRACY

This was a great year for Randolph Democracy. The majority is unprecedented. One cause contributing to the victory was the weakness and division among the ranks of the opposition. Another and one of the chief causes was the unwise and foolhardy methods adopted by one Allen B. Coltrane and the Bull Moose organ in unjustly attacking and misrepresenting an honest, faithful and popular Democratic public official. The attack was made for no other purpose on earth except to gratify personal spleen and hatred. Of course there was the added hope that the attack would benefit the opposition ticket.

No wonder Eth Laughlin made a poor record handicapped, who could have done better tied to such a millstone.

In due course of time proper steps will no doubt be taken in the matter. There should be an end to such malicious attacks and there is a way to do it and it is simple, plain and easy with little doubt if any, of the certainty of the result. There is no necessity for haste but there is no uncertainty as to the course that should ultimately be pursued.

Mark Sullivan has faded away out of the limelight.

The fact that thousands of Republicans voted the Democratic ticket this year shows the wisdom of the local and national committee in their effort to reach the people by speakers and sending out literature.

Nothing For Honest Business Men to Fear, Says Wilson.

By President-elect Woodrow Wilson. The result fills me with the hope that the thoughtful, progressive forces of the nation may now at last unite to give the country freedom of enterprise and a government released from all selfish and private influences devoted to justice and progress.

There is absolutely nothing for the honest and enlightened business men of the country to fear.

Non man whose business is conducted without violation of the rights of free competition and without such private understandings and secret alliances as violate the principle of our law and the policy of all wholesome commerce and enterprise need fear either interference or embarrassment from the Administration.

Our hope and purpose is now to bring all the free forces of the nation into active and intelligent cooperation and to give to our prosperity a freshness and spirit and a confidence such as it has not had in our time.

The responsibilities of the task are tremendous, but they are common responsibilities of which all leaders of action and opinion must share, and with the confidence of the people behind us everything that is right is possible.

My own ambition will be more than satisfied if I may be permitted to be the frank spokesman of the nation's thoughtful purpose in these great matters.

What Texans Admire

is hearty, vigorous life, according to Hugh Tallman, of San Antonio. "We find," he writes, "that Dr. King's New Life Pills surely put new life and energy into a person. Wife and I believe they are the best made." Excellent for stomach, liver or kidney troubles, 25 cts. at Asheboro Drug Co.

Josephus Daniels.

Here is hoping that Josephus Daniels will get a good place with the new national administration. We say this for two reasons—first he deserves it, and second, we want to see him put the ginger and energy of the man into some department of the government service. Mr. Daniels is all Democrat, and in addition he is patriotic, able and brainy. He has a combination that would work well on some high-up government position and the Post hopes he will be put there.—Sallabury Post.

Children Cry FOR FLETCHER'S CASTORIA

Simmons' Figures Grow.

Unofficial figures growing out of the recent election tend to show a Simmons majority ranging from 24,000 to 28,000. Colonel Watts, secretary from Iredell county, who has been Simmons' right hand man during the contest, says that Simmons will have a majority of 25,000 over the combined vote of both Kitchin and Clark.

"Senator Simmons has beaten Judge Clark in every congressional district, and has beaten Gov. Kitchin in eight out of the ten districts, losing only the Second and Fifth districts."

Simmons swept the state, beating Judge Clark in ninety-nine out of one hundred counties; Governor Kitchin in eighty counties, and both Kitchin and Clark in seventy-two counties.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rubbing sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition, hearing will be destroyed forever; unless cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer. I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pain.

Cardui worked like a charm. There must be merit in this purely vegetable, tonic remedy, for womanly trouble—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your trouble. S. S.—Write for Leaflet, Address: Dept. Cardui, 150 North Second St., Philadelphia, Pa. Beware of cheap imitations. The name, Cardui, is prominent on the wrapper.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys must, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fall to do its duty.

If you are sick or "run down," begin taking the great kidney remedy, Dr. Kimmel's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best. Sold by druggists at fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kimmel, P. O. Binghamton, N. Y. Don't make a mistake, but remember the name, Swamp-Root, and don't let a cheap imitator do something in place of Swamp-Root if you do you will be disappointed.
