OBITUARY. After a lingering illness Mrs. J. W. Peace died of diabetes at her home near Progress, N. C., on Thursday, Feb. 14, 1914. Mrs. Peace had been in declining health for about 18 months but had been confined to her bed for only a few days, during which time she suffered very much. She was very patient and hopeful throughout her sickness, never murmuring or complaining but always adhering strictly to the advice of her physician for the sake of her husband and children. But the Lord willed otherwise and called her at the early age of 37 years, three months and 11 days. She was married to Jerome W. Peace and to this union eight children were born, two of which preceded her to the better world in infancy. The remaining six, three girls and three boys, the youngest of which is only about 18 months old, are left to take up the battles of life without the help and counsel of a loving mother, for truly she was a patient and loving mother and a true and devoted wife. She loved her family and was ever ready and willing to do anything that was needed of her. She lived a quiet Christian life and was ever ready to testify to God's loving care over her and to do what she could to help others on their way. Sallie Ingram Peace was the daughter of Mr. and Mrs. Watson Ingram, who survive her, together with five brothers and three sisters
