

Old People Need a Bowel Stimulant

The Ideal One is a Mild Laxative-Tonic that Will Keep the Bowels Gently Active.

Healthy old age is so absolutely dependent upon the condition of the bowels that great care should be taken to see that they act regularly. The fact is that age advances the stomach muscles become weak and inactive and the liver does not store up the juices that are necessary to prompt digestion.

Some help can be obtained by eating easily digested foods and by plenty of exercise, but this latter is irksome to most elderly people. One thing is certain, that a state of constipation should always be avoided, as it is dangerous to life and health. The best plan is to take a mild laxative as often as is deemed necessary. But with equal certainty it is suggested that cathartics, purgatives, physics, salt and pills be avoided, as they do but temporary good and are so harsh as to be a shock to a delicate system.

A much better plan and one that thousands of elderly people are following, is to take a gentle laxative- tonic like Dr. Caldwell's Pure Pepsin which acts as nearly like nature as is possible. In fact, the tendency of this remedy is to strengthen the stomach and bowel muscles and so train them to act naturally again, when medicines of all kinds can usually be dispensed with. This is the opinion of many people of different ages, among them Mrs. Mary A. P. Davidson, of University Mount Home, San Francisco, Cal. She is 78 and because of

MRS. MARY A. P. DAVIDSON

her sedentary habits had continual bowel trouble. From the day she began taking Dr. Caldwell's Syrup Pepsin she has had no further inconvenience and naturally she is glad to say kind things of this remedy.

A bottle can be bought of any druggist at fifty cents or one dollar. People usually buy fifty cent size first, and then, having convinced themselves of its merits, they buy the dollar size, which is more economical. Results are always guaranteed or money will be refunded. Elderly persons of both sexes can follow this suggestion with every assurance of good results.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.
