

Commencement at Ramseur.

The commencement exercises of Ramseur graded school took place on Friday and Saturday, April 17th and 18th...

TURNER'S ROMANCE

NO. 9

(Continued from last week.) While we were in this camp our baggage which had been sent from Evansport in March...

We saw the Yankees retreating, so we formed in line. We reached the little village called Mechanicsville. They opened fire on us with their shells...

We were ordered now to go for them. We got within eight feet of them and we found out that they were the Fourth Michigan Regiment...

I can't say what took place between the two armies until the last of August when I returned to the regiment. Now I will tell my readers where I was and how I was treated as a wounded soldier.

As soon as I was wounded I was carried to the place where we crossed the river. We were thrown on the cars about two hundred of us, just like loading wood...

Among the many visits from a doctor were Messrs. D. A. Cornelius of Seagrave, J. Kim Smith, J. A. Martin, J. G. Coward and Dr. L. F. Jones of Liberty...

Next excellent music for the occasion was furnished by the Ramseur Cornet Band.

Sol Items.

The heavy rain that fell Sunday night put the farmers back in their work. Miss Ossie Kearns has returned home from her school that she taught in Davidson county.

Lassiter-Luther.

On Sunday evening, April 12th, a beautiful wedding ceremony at the home of Mr. James W. Luther at Eleazer with his only daughter became the bride of Mr. Rufus H. Lassiter of New Hope Academy.

A number of friends and relatives were present. The bride was beautifully attired in shadow lace and mesaline. After receiving many congratulations the bride party drove to the home of the groom where a sumptuous supper was waiting for them.

IMPORTANT TO ALL WOMEN READERS OF THIS PAPER

Thousands upon thousands of women have kidney or bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney or bladder disease.

HOOKWORM CAMPAIGN

Two weeks of the hookworm dispensary work in this county have passed and only three more weeks remain in which the people of Randolph county can take advantage of this opportunity.

It is hoped that in the weeks to come interest at all the points will increase and large numbers will be examined and treated and thus show that they know how to value good health.

Some people who are apparently in good health are lightly infected and thus do not show the typical symptoms as previously outlined. But these are the very ones who are spreading the condition to others and thus are a menace to the health of the community.

Anyone whose skin comes in contact with infected soil or who eats green vegetables on which young worms has been deposited from the soil will be infected.

The infection thro the skin is more common, however, and the first symptom of this infection is ground itch or toe itch which is due to worm boring thro the skin and thus starts a slight irritation at the point of entrance.

The examination is made of the bowel passage for the egg of the parasite and if this is found it is scientific and accurate evidence that this individual has hookworm disease.

So far in this county 599 people have been examined for hookworm disease and 107 found infected. Per cent of 17.8 of this number 278 were school children between the ages of 6 and 18 years and 90 of these were found infected, making therefore a per cent of infection of 32.3 among the school children examined.

Below is a tabular result of the work of the past week:

Table with 4 columns: Town, Exam., No., Infected. Rows include Liberty, Randleman, Seagrave, Ramseur, Asheboro, and Total.

This would give a per cent of infection for the week of 20.06 where so few have been examined at certain points, the per cent of infection can not be taken as a guide to infection in that community.

A New Paper for Randleman.

A new publication, The Randolph Sentinel made its appearance last week. The paper is published at Randleman with Mr. R. E. Slate of Stoneville as editor.

DENTON HIGH SCHOOL

The commencement of Denton High school will be held May 17-19. The annual sermon will be preached by Rev. C. A. Cecil of High Point.

HAD BLOCKADING OUTFIT IN HOME NEAR NEW SALEM.

Randolph Man Skipped Cle over On His Neighbors for Five Years. An interesting story is told by United States revenue officers in connection with an arrest on Millboro R. F. D., Randolph county, last week of David Nixon, a white man...

Nixon about five years ago built a new dwelling house a few yards from his old residence and it was in the old house that Officers Haynes and Hedrick of the revenue department last week succeeded in locating the blockading outfit.

A rumor also became current that a two-horse wagon was to be seen about the old house especially on dark rainy nights, and that the team had been seen on several occasions leaving the place loaded with mysterious packages and barrels.

Mr. Baxter Turner of Greensboro says: I was in bed for four months. Took one bottle of Nature's Creation and resumed my position. Took seven bottles and considered myself a well man.
