The Quality POULTRY and GARDEN FENCE

Stretch "Pittsburgh Perfect" Fence 'round your poultry yard, and note how much better it looks than the old fence it replaces—the air of distinction it gives to the whole premises. Observe how it actually keeps in the smallest chicks, and keeps out all wild and domestic animals. As years roll on, you see no spread stays, no rusted, broken and loose wires, no sagging between posts; instead, the fence remains erect, even and firm, because it is essentially a service fence of highest quality. Yet it costs no more than an inferior fence.

All "Pittsburgh Perfect" Fence is made from Open Hearth wire, tough, strong, durable like old time iron wire, and perfectly galvanized with pure zinc by our exclusive process. At every point of contact the wires are **ELECTRICALLY WELDED**

This feature is found only in "Pittsburgh Perfect" Fence, and doubles its strength, durability and appearance over all other fences.
