COUNTY CONVENTION AND PRIMARIES

The Democratic convention of Randolph County has been called to meet in the court house in Asheboro on Saturday, August 15, and the primaries are called to meet at the various voting places in the various precincts in the county on the Saturday before, August 8.

All Democrats are earnestly requested to attend the primaries and vote for their choice for the various nominees for all the county and legislative offices.

The Courier believes in a legalized primary for all offices. It is to be regretted that the legislature failed to give us a legalized primary and in the absence of such a primary law, the best thing that can be done is to get every Democrat to attend the primaries we have, and let boxes be provided for the use of every Democrat and let the vote be counted by the boxes without any other interference or manipulation of any kind.

The Courier has endeavored and still does to do its duty as a newspaper. It is not a party organ and it does not take sides in party matters. It is not a party organ and it does not take sides in party matters. It is not a party organ and it does not take sides in party matters.

MR. FORD'S BUSINESS FIFTY PER CENT BETTER

Henry Ford, the multi-millionaire automobile manufacturer, whose rise in the business world is one of the most remarkable achievements of American genius and whose ten million dollar profit sharing plan has made him a national character, recently visited the White House and had a conference with President Wilson.

Here is what Mr. Ford said about present business conditions: "I believe and think that practically every other business man believes that most of the evils aimed at in the President's program exist and ought to be abolished. I am convinced that it would be for the best interests of the country to pass the anti-trust legislation. I think it would have a settling effect and would aid in bringing on the extra prosperity to which the country is entitled. I hope Congress will finish the work before it adjourns."

"There is absolutely nothing wrong with business. The only trouble is that some people seem pessimistic. If every one would only cheer up and attend to his own business this calamity talk would stop immediately."

"My own business is fifty per cent better than it was last year."

Mr. Ford also told the President that he saw no evidence of any sort of business depression, psychologically or otherwise, and that in his opinion business was getting better all the time.

NO PANIC UNDER NEW RESERVE ACT.

(By Hon. Henry T. Rainey, a Member of Congress from Illinois.)
I remember, and all of us remember, a time in this country when we had a real panic, not long ago, a Republican panic, which came after twelve years of uninterrupted Republican rule, when, on every hand, was heard the crash of falling banks. So strong is the feeling of confidence inspired throughout the country by the Democratic Federal Reserve Law that not many days ago when a great bank in Chicago failed and a chain of affiliated banks went down with it—it was a bank conducted by typical Republican politicians for typical Republican purposes—there was not a ripple on the surface, not one. In connection with the Claffin failure two days ago there comes the news that throughout the country from 2000 to 5000 banks held the paper of this concern, and there is no talk about a bank panic or any falling of securities throughout the country—so strong is the confidence in the present administration and in the fact that the Federal Reserve Law will soon be in operation. If the fact that this new law is soon to be in operation has this effect we can understand what sort of a feeling of business security will prevail when it is in actual operation. On account of this great piece of constructive legislation that panics belong now to a period that has gone forever. There will never be another period of business depression.

THE OF TRADESMEN'S CAMPAIGN OF INFAMATION

Whether it is the result of a conspiracy or not, there has been a campaign of infamy in the past few months of the country, conducted solely in the name of protecting the interests of the citizen and securing a Republican House this fall. It is a disgraceful campaign, and a disgraceful one, because it is a campaign of infamy, and it is a campaign of infamy.

A VICIOUS AND UNPATRIOTIC ORGANIZATION

Indianapolis, July 22.—Mr. Samuel M. Foster, president of the German-American National League of Fort Wayne, recently received a confidential inquiry from Walter L. Wagoner, of the American Protective Tariff League, asking as to his party's vote in a certain week this year as compared with the corresponding week last year. "We," wrote Mr. Wagoner, "recently had the opportunity to visit your city. We saw the tariff and we saw the tariff."

Light's Influence on Flowers.

It is known that light influences very largely the growth of flowers. A garden is more fragrant when it is shaded than when the sun is allowed to shine in full blaze upon it. This, at any rate, is the conclusion of a Frenchman who has recently made a vast number of experiments. That which affects the fragrance of flowers is not the oxygen of the atmosphere, as has been commonly supposed, but the light.

GO WHERE YOU PLEASE EAT WHAT YOU PLEASE

That is what you can do if you take Dodson's Liver Tonic. Many people know the danger of calomel; yet they take it because they know of nothing better. Other people are not afraid of calomel, because they do not understand what a dangerous drug it is. Because it has never hurt them, they believe it never will.

Great Men Slept Little Sleep.

There are some remarkable cases on record of men who sleep very little. Many persons have reported themselves as without any sleep for more than one or two hours' sleep out of twenty-four. General Pichegru informed Sir Gilbert Blane that in the course of his active campaign he had for a whole year not more than one hour of sleep in the twenty-four hours. Frederick of Prussia and Napoleon, as a general thing, never devoted more than three or four hours to sleep.

Gola, Whatley, Ala., writes, "I had measles and got caught in the rain, and it settled in my stomach and bowels. I had an awful time, and had it not been for Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not possibly have lived but a few hours longer. But thanks to this remedy, I am now well and strong." For sale by all dealers.

Church Appropriately Adorned.

At a special service for fishermen at Cortor, near Lowestoft, England, the church was adorned with nets, in which herrings were enmeshed, that were fastened around the nave. An arch of oars from which was suspended a sidelight, spanned the center aisle, and flags, buoys, bladders and other fishing gear completed the scene of decoration.
