ASHEBORO BASE BALL TEAM

Asheboro played the last game of the season Saturday, August 15, at Ramseur, the score being 3 to 2 in favor of Asheboro. Asheboro has and can play good base ball when the town is willing to help support a team. This year the team has not had very much support throughout the summer. Asheboro fans should show their appreciation by furnishing a base ball park for next year, and if so, Asheboro will show her kindest regards by playing good, clean base ball. This year Lacy Lewis and Idyl Ferree took the matter in their hands expecting to come out in a bad hole, which they did, but not as bad as they feared. Mr. Daniel Sharpe has done his part in helping keep the boys and the team out of a bad hole. We thank him very much for his help.

Asheboro has done well, having started where they did and landing where they have. Asheboro could have a good team if they had the support.

Griffin's pitching was to much for his opponents this season. Saturday's game was of interest to Asheboro. Griffin had the stuff along the whole fray while Ramseur tried to knock him out of the lot but could not. He did not allow one to reach third on him and allowed but two to get second.
