The Courier representative was shown a very interesting refic yesterday by Squire S. E. Lowdermilk, of Asheboro. It was a small leather bound Bible with a flap that folded over the edges and containing a bullet hole ranging diagonally through it. The Bible was picked up on the battlefield at Cedar Creek, Va., on the first Sunday in September, 1864, by Mr. P. S. Brown, of this county, now in the soldier's home at Raleigh. On the fly leaf of the book is the following inscription in a lady's handwriting: "Sergt. Wm. W. Wakeley, Co. F. 114th N. T. V., presented by Miss Eliza R. Hatch, of Sherburn, Chenango Co., N. Y." and on another blank leaf is written: "Miss Eliza R. Hatch."

is written: "Miss Eliza R. Hatch."

A lead mark from the bullet is plainly visible where it went through. According to the range of the bullet hole, the Bible must have been carried in somebody's pocket, and from all indications prevented an ugly wound or perhaps saved its owner's life and allowed him to go home and marry the donor of the book, who evidently was his sweetheart.

## GOVERNOR'S PROCLAMATION FOR COMMUNITY SERVICE WEEK-ALL SHOULD OBSERVE IT

Whereas, The people of North Carolina in recent years have made a remarkable record of industrial, educational and moral progress. Today they are moved as never before with a passion for yet larger achievement. They helieve "that which they have done is but an earnest of the things they shall yet do," and they press on with the determination that in everything that makes for greatness in a state, North Carolina shall take a foremost place in the sisterhood of American commonwealths. And

Whereas, The realization of our patriotic ambition for North Carolina as a whole depends upon the achievement of the same ideal in the local community—the county, the town, the township, the school district, the little neighborhood grouped around church or schoolhouse; and for progress in each, there must be first, a knowledge of conditions; second, united work of all the people at tasks of immediate improvement; and third, the organiza-tion of the people for persistent prosecution of all the larger processes of community betterment.

community betterment.

Therefore, I, Locke Craig, Governor of North Carelina, in response to widespread sentiment among our people as expressed by many organizations and societies, do hereby set apart the 3d, 4th, and 5th days of December, one thousand nine hundred and fourteen, to be known and observed throughout the State of North Carolina as "COMMUNITY SERVICE DAYS," and I appoint them as days wherein every man, woman, and child in the commonwealth shall lead heart, hand, and brain to the service and development of North Carolina and of its every community and county, and as days wherein the people shall meet, confer, and work together for advancement along the three-fold lines of inwestigation, united labor for the immediate improvement of the community and wise planning for its future.

I call on the leaders of thought and progress in every community to as-

I call on the leaders of thought and progress in every community to as in organizing and planning for these "COMMUNITY SERVICE DAYS.

I call on the Farmers' Union, the Chambers of Commerce, the women's clubs, sur teachers and ministers, the press of the State, our lawyers, physicians, farmers, business men, industrial forces, and all others, to co-operate in working out plans for such Community Service, and on these days to put aside matters of private concern and devote themselves to the great movements for the common good.

L. I upper that is each community.

neside matters of private concern and devote themselves to the great movements for the common good.

1. I urge that in each community, social and sconomic surveys shall be made the first days of the week or earlier, so as to inform the public as to the conditions now existing and the lines of progress most needed.

11. I urge that on Thursday, "PUBLIC ROADS, GROUNDS, AND BUHLDINGS DAY," the men, women, and young people of each town, township, or school district, neet, according to plan, and work together in one or more of three forms of actual physical service to the community: (1.) In improving the roads and streets and making them more worth and more creditable to the people; (2.) In improving both interior and exterior of the schoolhouses, churches, and court houses and other public buildings; (3.) in clearing off and beautifying the grounds of schoolhouses, churches, parks, ormeteries, etc., and planting trees and shrubs in these places as well as along streets, roadsides, and private grounds.

11. I urge that on Friday, "SCHOOL AND NEIGHBORHOOD IM-PROVEMENT DAY," the older people with the children shall meet at every schoolhouse in town or country to observe "School and Neighborhood Improvement Day," as a day of practical patriotism, and at these meetings conditions in the community shall be reported and discussed; plans made for improving schools, highways, social life, economic, moral, and health conditions; committees named to prosecute such plans, and arrangements made for subsequent meetings for their accomplishment.

1V. I urge that on Saturday, "COUNTY PROGRESS DAY," a great while meetings for their accomplishment.

quent meetings for their accomplishment.

IV. I urge that on Saturday, "COUNTY PROGRESS DAY," a great public meeting shall be held at each county seat when all the people shall meet together to discuss "The Needs and Possibilities of Our County," candily comparing its present conditions with its potentialities, and inaugurating movements needed for ta progress and development.

V. I urge that at all these meetings exhibits illustrating conditions be made; plans discussed for attracting desirable settlers to places needing them; the organization or farmers' societies, town boards of trade, and boys and girls industrial clubs promoted; wholesome sports, recreations and plays encouraged: the flags of State and Nation raised over schoolhouses and other public buildings; the plans made for providing books, papers, and libraries for old and young and for teaching those who have grown to maturity lifterate. I also designate this week as "HOME COMING WEEK," when all former residents of each North Carolina community shall be asked to return and visit friends and scenes of other days, and invited to aid the forward movement in their old loome neighborhoods.

A general program for each of these days is now on the press and will

movement in their old home neighborhoods.

A general program for each of these days is now on the press and will be distributed at an early date. I urge that these programs be faithfully followed in every case in order to give definiteness and uniformity of scope and purpose to the activities of the week.

With the high resolve and faith that North Carolina, under God, shall take a foremost place in the civilization of the world, and with an invocation of His gracious favor on the endeavors of our people, I call on every North Carolina man, woman, and child, of whatever place, creed, party, or station to give these days in consecrated service to the community and to the Commonwealth.

Done in our city of Raleigh on the 29th day of September, in the year of our Lord, one thousand nine hundred and fourteen, and in the one hundred and thirty-ninth year of our American Independence.

LOCKE CRAIG.

By the Governor, J. P. KERR, 1.1.5 Miles Private Secretary.
