COTTON SEED MEAL FOR CATTLE

Owing to the European war, there will not be so good a market in Eu rope this year. It is estimated that the quantity of cotton seed meal on the market will be 500,000 tons morthan last year.

Cotton seed meal can be bought in the South at prices ranging from \$22 to \$24 per ton, instead of \$27 to \$34. the price last year.

An even greater decrease has taken place in the price of hulls, which are now selling at from \$4.50 to \$5.50 per ton, instead of \$7 to \$9 per ton.

In these cattle feeds produced righ here in the South there is the world's greatest resource for fattening cattle and producing milk, butter and cheese Any other country would avail itself of this unequaled opportunity. Why does not the South do it ?

REPUBLICANS WITHOUT AN IS SUE

The Republican party has printed no campaign book this year. This is the first time in the history of polit ical parties in this country that either of the two political parties has not been able to take issue with the other party and give reasons why the people should support it.

The record of the Wilson administration is so generally approved by the Anter on people, that Republi cans realize that they cannot attack it. A number of Republicans in both Houses of Congress voted with the Democrats for the Simmons-Underwood Tariff Bill, which broke up monopoly and reduced custom rates to a revenue hasia;

How to vote "Yes" on the Constitutional Amendments it will be tax-essary to make a cross (X) mark with pen or pencil beside the word "Yes" opposite each and every amendment you wish to support. If you wish your vote recorded for all ten amendments, it will be necessary to write a cross (A) mark alongside the "Yes" ton times. The three most important amendments are No. III, which would prevent the Legislature from wasting its time with so much local legislation, and give to the people of the counties and towns power to settle such matters for themselves, No. VII, which would give the people authority to effect taxa-tion reform , but does not increase the rate; and No. X, which decirates for a six months school term. The accompanying illustration shows how the cross (X) mark must be placed in order to vote "Yes" on these three amendments. REASONS FOR VOTING THE DEMOCRATIC TICKET

There is less excuse and reason in North Carolina than ever this year for the voter to turn from the Democratic party to get what he wants and needs in government affairs. The Democrats are in control of Nation. State and county affairs and there is nothing by way of change that could possibly offer better things than the Democrats are giving the tax payers. In Randolph county the Democrats have done things for the people and given a good clean administration. The opposition ticket offers nothing of promise whatever to the Randolph tax payers. The Democrats offer their most excellent record and reputation of the men on the ticket to guarantee a continuation of the records. The North Carolina voter has more reason than ever this year for voting the Democratic ticket.

THE UNITED STATES IS BOUND TO PROSPER

Here are some facts and an exhertation from a business man, J. W. Sur-burg, of No. 204 Broadway, New York City. They ought to interest everybody: In the United States there is nearly one-fourth of this gold, or \$1,879,-

In the United States there is nearly one-fourth of this gold, or \$1,879,-500,000. More gold than England and Germany together. Just think, the natural would of the United States equals that of Eng-land, France and a portion of Germany. Ninety million people in a country three thousand miles wide, where everything grows. The natural resources are something. AND, WE ARE NOT AT WAR! Millions of people in foreign countries need cotton goods, woolen goods, iron, hats, boots, in fact, all the necessities of fife. If the war stopped tomorrow, it would take time to open the factories and readjust financial conditions in the countries at war. The United States is bound to HAVE A BOOM. The United States is bound to haVE A BOOM. The United States did not make the war. We are not responsible for the destruction of lives or property. States and blueness do not help, so— Get busy with new ideas, creative thought; smile, try to look happy; talk about pleasant things; think good times. CONGRESS ADJOURNED SATUR-DAY AFTERNOON.

DAY AFTERNOON. After being in continues session since the inauguration of Woodrow Wilson, a period of nearly 19 months, the sixty-third Congress adjourned its second session Saturday, when prolonged efforts to procure cetton relief legislation finally collapsed. Leaders in this movement agreed to adjourn only on condition that pend-ing cotton measures would have right of vay when Congress reassem-bles December 7. Not more than 50 members of the House and less than a quorum of the Senate were present when the gavels fell on adjournment without date. The adjournment was etaoin date. I journeyed to Raleigh last week to register under the new registration ordered in my home city, in order to return home to vote for the amend-ments on the 1st Tuesday in Novem-ber. In addition to the other convinc-ing arguments for the ratification of amendments, there is one that should give pause to every citizen. The reve-nues that have gone into the State Treasury during recent years have not been sufficient to pay the appropria-tions made by the Legislature. There is no state equal in wealth to North Carolina where the appropriations are so small as in North Carolina. We have had to issue bonds to meet cur-rent expenses. How can a man keep out of bankruptcy who borrows money to buy bread and butter for the dai-by horrow money to build a house, or by for emergency expenses. No wise man, however, thinks he can long maintain his credit if he borrows mon-y for his daily needs. The same thing is true of a state. Its credit is pra-tically unlimited so long as its in-come meets its annual budget, but when it mist borrow money to meet the annual appropriations, it is pur-ating a course which, if persisted in
