CAROLINA MAN WITH PUZZLING

STOMACH DISEASE WINS RELIEF

DEAFNESS CANNOT BE CURED by local applications, as they cannot a reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment, ness, and that f.A.remedies. Deafness is caused by an inflamed condition of the mucaous lining of the Eustachian tube. When this tube is inflamed you have a rumbling seond or innerfect hearing, and when it is entirely closed, deafness is the resul, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucuous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

W. R. Davenport of Parker. N. C. After First Dese of Remedy
W. R. Davenport of Parker, N. C. long suffered from a peculiar malady of the atomach. He sought treatraent with but little relief. At times it seemed that he would have to give uphope.
He took Mayr's Wonderful Stomach Remedy and frenders pointed accretions and removes pointed and many areas which purried doctors. They termed it entered that it all probability I would never get well. Then I heard of your remerly. One trial bottle gave me instant relief. It made me feel like a new man. Your full course of remains the same was about cored me. Several of my friends have also been cured."

Theusands of others suffering from

maladies of the stomach have found relief as quickly as Mr. Davenpoet to Mr. Davends the Mr. Davenpoet to Mr. Davenpo

## JAGE AND DULLING DARKENS GRAY HAIR

Brunh this through faded, lifeless locks and they become dark, glossy, youthful.

Hair that loses its color and histro, or ben it fades, turns gray, and and life-ses, is enused by a lack of embars in the series, is enused by a lack of embars in the series, is enused by a lack of embars in the series. Our grandwidth that of a substant in and the series of Sages less and Sulphur to keep her books durk and beautiful, and the same series of women and men who value that even color, that beautiful dark shade of air which is so attractive, use only this didtime recipe.

Nowadays we get this famous mixture by asking at any drug store for a 30 cent bottle of "Wyselia Sage and Sulphur Compound," which darkens the hair so naturally, so everly, that nebody can possibly tell it has been applied. Besides, it takes off damiruff, stops scalpitching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

# SUGGESTED PAGEANTS FOR COMMMUNITY SERVICE WEEK

stone is large an a hig red beam and several amall ones. I have not had the lenst feeling of pain since taking your Swamp-Root and J feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours.

MRS JOSEPH CONSTANCE.
Rapides Par.

Personally appeared before me, this cost, constitution, and freedom from dizzibith day of July, 1911, Mrs. Joseph Constance, who subscribed the above statement and made outh that the same is true in substance and in fact. W. M. MORROW, Notary Public.

## FIRST THANKSGIVING IN AMERICA

(By Mrs. Jennie Brown.)
The harvest festival of the year—good old Thanksgiving! Who does not love this family feastday?
When did the Pilgrims first land at Plymouth? "December 21, 1620."
Yes; in the cold and snow and ice of mid-winter, they found their home in this New World. Manfully they struggled on through the terrible sension till spring smiled upon their; and

in this New World. Manfully they struggled on through the terrible season till spring smiled upon them; and trusting in God, they put their first seed in the ground.

Some of this seed was indian corn. Do you know how they found it? About a mointh before they discovered Plymonth, while they were on shore at Cape Cod, a party went out exploring; and this is a part of what one of them wrote about the expedicion:

"There was also a heap of sand which we dugged up, and in it we found indian corn; and disged further, and found a line great new basket, fall of very fair corn of this year, with some six and thirty goodly cars of corn, some yollow and some red, and others mixed with blue; which was a very goodly sight. The basket was round and narrow at the top, it held about three or four bushels, which was as much as two of us could lift up from the ground; and was very handsomely and simmingly made."

Don't you think they were pleased with such a "goodly sight?" They took all the "six and thirty goodly ears," put a good deal of loose cornints a kettle they found there, for twe mon to carry, and they filled their pockets, and buried the rest again. Six months afterwards, they found the ladians that owned the corn, they paid them for it. So they did not steal it.

About two weeks after they found more buried corn.
