WHAT WOMEN SHOULD KNOW

There are many things that women should know. Man's duty is to support his family. Woman's duty is to manage the household. A woman who is not a good manager will make her husband's life a misery. It is her duty to see that the household is in order. It is her duty to see that the children are properly educated. It is her duty to see that the husband is properly cared for. It is her duty to see that the family is happy and contented.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

"I was a 'man confessor', says Mrs. Lulu Ann Reid, of this place, 'that Cardui, the woman's tonic, has done me a great deal of good."

"I had commenced using Cardui, I would spit up everything I ate. I had a head, dizzy, feeling all the time, and was unable to do my work. I could hardly drag around, and would have severe headaches continuously."

"Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to go all right, and I have gained 19 pounds in weight."

"If you are a victim of any of the numerous ailments so common to your sex, it is wrong to suffer."

"For half a century, Cardui has been relieving just such ailments as is proven by the thousands of letters, similar to the above, which pour into our office, year by year."

"Cardui is successful because it is composed of ingredients which act specifically on the woman's constitution, and help to bring the weakened organs back to health and strength."

"Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it."

Red Cross Seals Helped Her to Get Well.

"She was real pretty and so full of fun that the dimples were always showing in her round, red cheeks. Her eyes were big and brown, and her net colored hair curled naturally in little ringlets over her forehead and ears.
