INTERNATIONAL COULD DIE SUNDAYSCHOOL LESSON

LESSON FOR JANUARY 3

GOD'S PATIENCE WITH ISRAEL

LESSON TENT Judges 27-18.
GOLLEN TENT Judges 27-18.
He history of the chosen people and follow them through the seried of the ludges the days of the monarchy under Saul David and Sciomon and the divided kingdom in the times of Elijah. Amos Herse and Jonah, down to the time of Daniel during the captivity.

L. Another Generation, ev., 7-10.
During the days of Joshua Israel served Jehovah, but his influence did not lest long after his death. Ever and amon God must needs raises up a Joshua to lord his church. We have another "Jochua"—Jeans—who is ever with his people and we do not need any earthly leader (Pa. 62-5; Phil. 2-12). Still God is working through human against and in every crisis raises up his spirit-clothed leaders. No doubt this "another generation" honored Joshua as a hereo but they did not follow in his obedience to Jehovah. It is easy to dismiss some selection of the company of

leaders. No doubt this "another generation" benored Joshua as a hero but they did not follow in his obedience to Jehovah. It is easy to dismiss God's mighty deeda among men by calling them myths and traditions, or to deny the "accuracy of the records." Doubtless the israelites feit their obligations to their neighbors and fellow-tribesmen, but they lost a realizing sense of their obligations to God.

Sin of idolatry.

II. They forsook the Lord, vv. 11:13. Backsliding Israel is a proverb Over and again there was a return to true wormip and just as often a forsaking. For centuries Jehovah bore with, forsave, restored and punished this "stiffnecked" people, until the final overthrow and captivity burned into their consciousness the sin of idolatry. The reason for this was their disobedience in not putting out of the land "the gods of the peoples that were round about them." Liberality of this sort always results in spiritual ruin. A nation's ideals about God not alone determine its moral status but eventually its physical and temporal welfare as well. Their way was not evil in their own sight and doubtless they were considered very progressive, and their physical and temporal welfare as well. Their way was not evil in their own sight and doubtless they were considered very progressive, and their course an evidence of greater wisdom than that of their fathers, but it was "evil in the sight of the Lord." We do not understand that these Israelites took up the worship of Baal, the sun god, with all of its abominations at once, but rather abominations at once, but rather sought a combination, a compromise worship, which of course led to the inevitable forsaking of God. Verse 13 indicates the base ingratitude of such a course for he it was "which brought them out of the land of Egypt" (Titus 2:14; 2 Pet. 2:1).

III. The Anger of the Lord, vv. 14, 15. There is no anger like that of outraged love. We are not to forget the other attributes of God, those of justice, holiness and purity and that God can not look upon iniquity (Hab. 1:13). The light men enjoy only heightens and makes more black their offenses. God's anger can "wax hot" and here he "delivered them into the hands of the spoilers that spolled

is now the savior but who shall yells the judge. That these righteous leaders of the people had a difficult task is suggested by verse 17. The hearts of the people "went a whoring." Justed after the things represented by Haal and Ashtaroth, which Hanl and Ashtaroth 1.75 sented by than and Assistantia, which
4.00 instory tells us were too vite to be
enumerated. The judges secured for
8.20 the people of israel their rights according to the merey of Jehovah. At
878.75 the same time they were rulers, and as such secured for individuals their rights.

The worship of Jehovah alsess

tsught and impressed moral and spiritual truth and required the conjudges were fied-endowed and did not prostitute their gifts. They were God-led, was terasi's need and had courage, faith and real enough to show Israel that the first thing they needed to do was to forsake the evil and return to a life of obedience to God.

to do was to forsake the evil and return to a life of obedience to God.

Their equipment was in that "the
Lord was with the judge" (v. 18).
Notice that God was with those whom
he "raised up." Of course not all
of the time, nor all of the land at
all times was thus torn and beling
nunished as is clearly suggested by
the stories of Rath, Hannah and
Samuel. As Jehovah was with the
judges, as they were exercising fidel. judges, as they were exercising fidel-lty in their obedience of his word-they brought to the people deliversince as long as they lived (v. 19). The word "repented," which is in verse 18, is one which signifies grief and sorrow.

URIC ACID IN MEAT **CLOGS THE KIDNEYS**

Take a glass of Salts if your Back hurts or Bladder bothers you-Drink more water.

The bride was your mother, daughter, and the baby was you. So when the right boy comes along you'll forget all about your ideas of a concrete bungalow, with garage and aleeping porches, and I hope you do. It's the hearts that make the home, not the bouse.

RHEUMATISM PAINS STOPPED

dispensation of grace have one who certain amount of liquor induces the is now the savior but who shall yet stomach in times of great fatigue to stomach in times of great fatigue to begin its work of digesting food, which, when assimilated, builds up the system agin. And this view is large y shared by the army medical men.

AGE TEA DARKENS HAIR TO ANY SHADE

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.

The use of Sage and Sulphur for restoring faded, gray har to its natural color dates back to prantmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenes her hair fell cut or took on that disaded or streaked appearance, this are identification of the stream of the mixture was applied with word, effect.

But browing at home is musey control-date. Nowadaya, by asking camy drug store for a 50 cent bottle of Wyeth's Sage and Sulphur Compound," you will get this famous of recipe which can be depended upon to recipe which can be dep
