Editor Varner shows his faith in his town by building a beautiful home for the Dispatch and in the same building is one of the State's most up to date amusement halls.

The Raleigh News & Observer has good reason to take a peculiar pride in the symposium Christmas sentiments given on Christmas day from the women of North Carolina.

TO WOODROW WILSON

The High Point Enterprise had this beautiful sentiment to the President as a Christmas sentiment:

as a Constituant settlement: With the best wishes of the sea-son. The world honors you and ap-preciates your efforts in behalf of mankind, and whether everything goes just right or not, we know that it is your desire that it should. No man could do more.

THE LATE HON J. R. BULLA

The Greenshoro Record published the article from list week's Courier, a sketch of the life of J. R. Bulla, written by himself and found by his grandson Mr. Brace Craven among the papers of the decound. The edi-tor of the Record submits the follow-ing comments: Elsewhere today is printed a sketch

ing comments: Elsewhere today is printed a sketch of the life of the late James R. Bulla, or as he was generally known, "Ruff." Bulla. He was a lawyer and solicitor of this district back in reconstruction days, when Tourgee was judge. He was a perfectly original character and though claiming to be a Quaker, he often expressed the desire of being able to live long enough to run and though claiming to be a Quaker, he often expressed the desire of being able to live long enough to run and he elected to the legislature on a plat-form to abolish the penitentiary and establish the whipping post, rather queer doctrine for a man claiming to be a Quaker, but he was in fact, not Quaker "enough to hurt." He wore hoots, the kind made by the old-time boot and shoemaker. One merning a colored man around the house got hold of them and "shined" them. When he discovered what had been done he was highly indignant. He in-sisted that a man who would use blacking on his shoes was an arrant fool. Tallow, he said, was the only thing fit to use. There is not a par-ticle of doubt about the sketch being written by Mr. Bulla: it sounds ex-actly like him. Many citizens of the State who knew him will enjoy read-ing the story. ing the story.
