A WARNING TO MANY

Some Interesting Facts About Kidney Trouble

Few people realize to what extent their health depends upon the condition of the kidneys.

The physicians in nearly all cases of serious illness, make a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1913 in the state of New York alone. Therefore it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to the sworn statements and verified testimony of those who have used the remedy.

If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Company, Binghamton, N. Y. Mention this paper, enclose ten cents, and they will gladly forward it to you by Parcel Post.

Swamp-Root is sold by every druggist in bottles of two sizes—50c. and \$1.00.

WHAT IS UNDER OUR FEET?

It is often said that the earth's surface has "only been scratched" by man. The deepest diggings are shallow scratchings indeed when compared with the diameter of the globe or even with the supposed thickness of its crust.

An unusually deep hole, 4489 feet, has lately been bored in the Texas town of Spur, in an attempt to find pure artesian water. The borings give an interesting suggestion of what may be under our feet almost anywhere. In this case there are well-defined layers of different materials.

Down to a depth of 1250 feet were found layers of sand, clay, marl, gypsum and common salt. An inexhaustible supply of salt seemed to be revealed. There were three layers of it, all in a wonderfully pure state. The layers were respectively ten feet, five feet and nine feet in thickness.

The next half mile consists of dolomite, a crystallized carbonate of lime and magnesium. The immense deposits of this mineral are divided by thin layers of sandstone and shale.

Last of all, at a depth of more than 4000 feet, come limestone and shale. What is below that no one knows.

Spur is in Dickens county, near the center of the "Llano Estacado," or "Staked Plain," some times called the "Panhandle" of Texas, the part between New Mexico and Oklahoma.

NORTH CAROLINA CROPS FINE

The government reports of North Carolina crops in August were in a satisfactory condition, the principal ones being some above and some slightly below the five and ten year averages.

Corn, rye, hay, apples, peaches, watermelons, and cantaloupes were above the average, while oats, buckwheat, potatoes, both Irish and sweet, tobacco, cabbages, sorghum and peanuts were a little below the average.

At present prices indications are for

\$41,000,000 crop of corn.
\$20,000,000 crop of tobacco.
\$6,000,000 crop of wheat.
\$1,500,000 crop of oats.
\$1,200,000 crop of Irish potatoes.
\$5,000,000 crop of sweet potatoes.
\$7,000,000 crop of hay.

The condition as to other crops is given as follows: Cabbages, 68; apples, 76; peaches, 77; watermelons, 80; cantaloupes, 79; sorghum, 80; peanuts, 83. No figures are given on these as to yield. With the exception of cabbages, these averages are higher than for the United States as a whole.

Quickest, Surest Cough Remedy is Home-Made

Easily Prepared in a Few Minutes. Cheap but Unequaled

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it. Get 2 1/2 ounces Pinex (50 cents worth) from any druggist, pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also loosens the dry, hoarse or tight cough and heals the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are conquered by it in 24 hours or less. Nothing better for bronchitis, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes a full pint—enough to last a family a long time—at a cost of only 54 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions with Pinex.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in gualacal, and is famous the world over for its ease, certainty and promptness in overcoming bad coughs, chest and throat colds.

Get the genuine. Ask your druggist for "2 1/2 ounces Pinex," and do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.
