ASHEBORO DEBATERS

Our Boys to Take Part in State-Wide Contests.

Arrangements have been completed for Asheboro to take part this spring in the State-wide triangle debating contests, conducted among the different high schools. These contests have been conducted annually for several years among other schools of the State, but our town has never before been represented.

The question for debate is: "Resolved that the United States should adopt the policy of subsidizing the Merchant Marine." The preliminary debates will be held on the evening of March 26, when June Frazier and Clifton Whitaker will uphold the negative at Asheboro, against Jamestown; while Colin Richardson and Rush Lassiter will go to Siler City to defend the affirmative against the high school of that town. The finals of the contest will be held at Chapel Hill, April 9, where all schools winning both sides of the question will be represented.

The Randolph Chapter of the U. D. C. held a most delightful meeting at the home of Mrs. J. V. Hunter Wednesday afternoon. Being a lovely balmy day the members were out in unusual number.

A very interesting program was carried out. Mrs. Annie Robins read a paper on the Battle of Seven Pines; Joseph E. Johnston was given by Miss Dora Redding while Mrs. W. D. Stedman gave a sketch of Albert Sidney Johnston. The questions were asked by the presiding officer and the discussion of these proved most interesting.

At the close of the program a contest was enjoyed. Cards were passed with "Washington" across the top and for the ten minutes allowed all were busily engaged in word making. Mrs. J. D. Ross proved an expert in making the largest number and was presented with the prize, a box of lovely correspondence cards. The hostess served a salad course with wafers, cheese straws and coffee.

The color scheme of the occasion, red and green, was effectively used in the refreshments and decorations of the home.

Mrs. J. D. Penn was present and cordially welcomed as a new member. The guest of honor was Mrs. T. W. Neely, of Charlotte, who is spending the winter here with her daughter, the gracious hostess of the afternoon.

Bismarck's "Sacred" Number.

Belief in the number 3 was almost a religion to Bismarck, for it ran like a vein of gold through all his dazzling career. He served under three months, and in three great wars and signed three treaties of peace. He was the father of the triple alliance, and from his three names and as many words in his family motto, "Strength in Trinity," and his three children, there was no period or undertaking in his life in which this "sacred" figure was not of the best omen to him.

PROMPT ACTION WILL STOP YOUR COUGH

When you first catch a Cold (often indicated by a sneeze or cough) break it up at once. The idea that "It does not matter" often leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation, loosens the phlegm. You feel better at once. "It seemed to reach the very spot of my cough" is one of many honest testimonials. 50c. at your Druggists.

Life-Giving Properties of Colors.

Experiments show that the order of colors ranked as to their life-giving properties will be: blue, violet, yellow, red and green. Thus, if a patient is put in a hospital where green predominates he has a far slimmer chance of speedy recovery than if he were comfortably fixed in a blue room.

IT REALLY DOES RELIEVE RHEUMATISM

Everybody who is afflicted with rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment of any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

World's Largest Plant.

The largest plant in the world is said to be a species of sub-tropical seaweed which grows sometimes 600 feet in length.
