A GOOD WOMAN GONE

On February 18, 1915, Lucinda Curtis died at the home of John W. Curtis in Liberty, where she had lived for eight years.

"Aunt Lou" had been almost an invalid for 12 years, and had been confined to her room for the past 3 months with dropsy.

She suffered a great deal but bore her sufferings with great patience. She professed religion and joined the church at Gray's Chapel in the year 1864 and remained a faithful member for 48 years, and only one year failed to pay her pastor.

She was 77 years and 10 days old. She leaves one brother living, Dennis Curtis, of Randleman. She had two other brothers both having preceded her to the grave, John and Napoleon Curtis also five sisters all having been dead several years.

We miss "Aunt Lou" so much in our home and if it had not been that we have seen her suffer so much and realize she had no pleasure in this world, we would think we could not give her up, but we console ourselves that it was a relief to "Aunt Lou" to pass out of this world of sufferings. She said for the relatives not to weep for she would be better off, and we trust she is.

Her remains were laid to rest on the 20th, at Gray's Chapel cemetery by the side of her sister, Isabel Curtis, who preceded her about 12 years ago. The funeral was conducted by G. F. Milloway, of Greensboro.

Her niece, Martha Curtis.

SLOW PROGRESS ON MACHINERY ACT

ALLEN AMENDMENT KILLED—SENATE PASSES REVENUE BILL ON ROLL CALL VOTE.

DISPATCHES FROM RALEIGH

Doings and Happenings That Mark the Progress of North Carolina People Gathered Around the State Capitol.

Raleigh.

Consideration of the machinery bill was resumed in the House and two hours indulged in on the fourteenth section, to provide a county assessor and a later for each township instead of the township assessor system that the present act provides.

Representative Doughton, in supporting the committee section, was bombarded with questions for half an hour, insisting that, after a thorough study of taxation problem as he was capable of, he was satisfied that the assessor system was the best yet devised. The vote when finally reached was by roll-call, it was 50 for the Allen amendment and 60 against it.

Representative Roberts of Buncombe offered an amendment to provide for two assessors instead of one township assessor. This was voted down 45 to 50.

Senator McMichael called up his amendment to defer the fixing of the state tax rate until the reassessment of property is settled and limit increase in revenues to six per cent over the past two years, the State Tax Commission to automatically fix the tax rate as a mathematical deduction as between the value of the property assessed and the state tax to be raised. The amendment was voted on 30 to 11 after McMichael had pleaded that Chairman Travis of the Tax Commission had said that such an amendment would work in all right with the other features of the revenue and machinery bills as the joint committee had reported them.

The Senate voted down an amendment offered by Senator Hobgood to make the license tax on real estate dealers \$15 instead of \$25. The committee of the whole arose and reported progress to the Senate in official session. An order was made for the printing of 300 copies of the bill for race segregation as to land ownership.

Primary Bill Passed by Senate.

The Hobgood-Weaver Primary bill was passed at 1 o'clock in the morning by the senate by a vote of 26 to 19 and goes to the house, where another long and sharp debate and contest awaits it. The senate voted down an amendment by Senator Ward to refer the bill to the people at the next election.

The senate spent from 11 o'clock to nearly 1 o'clock voting on a great number of amendments offered to the statewide primary bill before the vote on the main question was reached. The committee amendments were all adopted, but all those offered since the argument began were voted down except two, one by Senator McRae of Mecklenburg and the other by Senator White. The McRae amendment provides for the exemption of 50-odd counties specified from operation as to county officers, including members of the house of representatives. The White amendment provides that any one of the counties so exempted may vote themselves under the primary through petition of one-fifth of the voters in the county asking for the election.

An amendment by Johnson of Duplin to also exempt a large number of senatorial districts was lost by a close vote. The McRae amendment carried by one majority, 24 to 25.

When the amendments were all in and the main question was ready to be put there was a demand that the bill go to the committee on appropriations, and President Daughtridge held that this must be the course unless the rules were suspended. The vote was then on suspension of the rules and carried. Thereafter the bill passed 26 to 10.

Many Senate Bills Passed.

Enable Dallas to fund floating debts; amend the Johnston county road law as to Banner township; authorize the borrowing of funds for road improvement in Bailey's Township, Nash county; authorize special taxes in Jackson county; authorize bonds by Roxboro; extend the corporate limits of Robertsville, Martin county; authorize special tax in Brunswick county; authorize bonds by Hot Springs; authorize jail bonds by Pasquotank county; allow Macon county commissioners to levy special tax.

Authorize Wilson to call election for street improvement; amend the charter of Hayesville, Clay county; authorize funding bonds by Durham; authorize bonds by Laurinburg; authorize bonds by Perquimans county; repeal the charter of Ronda, Wilkes county; amend the charter of Selma; amend the law as to Old Fort Graded school district; fix line between Duplin and Onslow counties; prevent carnivals in or near Morehead City; amend the Oriental Graded School law; compensation of Bladen commissioners; relief of the sheriff of Durham county.

Senate Discusses Anti-Jug Bill.

When the senate took up the discussion of the anti-jug bill of the North Carolina Anti-Saloon League, which has already passed the house, Senator Gilliam suggested that four hours be devoted to the argument, "as most any little private bill was debated three hours. Johnson of Duplin wanted to limit discussion to one and a half hours. This was withdrawn.

The bill was ready and the opening speech was by Senator White, who explained the bill, discussed the need for such legislation and demanded for it, recalling the Watts bill 17 years ago, the subsequent Ward bill enactment. He credited great educational, industrial and moral progress as resulting from past prohibition measures.

The great volume of petitions for the bill that have poured into the legislature was mentioned as evidence of the demand for the legislation.

Senator Speight, although fearful that the bill was too advanced, said he was not a Democrat during the discussion, but a citizen of North Carolina. He urged the senate to vote for the bill.

"As between Judge F. A. Daniels and Rev. Mr. Davis, which had you rather follow for public morals?" Senator Gilliam asked. Qualifying the question by saying that he did not intend to reflect on either, Senator Speight said he had no hesitancy in following Mr. Davis.

When the session of the senate opened, lobbies and galleries were crowded with spectators eager to hear the discussion of the anti-jug bill. Soon after the discussion opened Senator Cohoon invoked the senate rule that excludes from the bar of senate all except senators and any others invited by the senate. He stated afterwards that this motion was for the reason that Supt. R. L. Davis of the Anti-Saloon League had entered the bar and broken a senator's seat and that he was tired of what seemed to him officious domineering methods of the superintendent in his dealings with the legislature. He said he expected to support the bill, but that he would not stand for such methods.

Mt. Mitchell Park Bill Passed.

One or two matters required considerable time. Particularly was this so, when the proposition to acquire a portion of Mount Mitchell for a site for a public park, came up. Senator Weaver offered the bill. It has the support of Governor Craig.

In fact, the movement which resulted in this bill was initiated by Governor Craig after a visit to the mountain. Instead of being impressed with the work of transforming the waste places into industrial centers, and instead of being gratified that the mountains should yield so abundantly of lumber for commercial purposes, he was shocked, hurt, and moved that the forests of Western North Carolina, the picturesque mountain sides, and the impressive scenery should be subjected to the hand of the despoiler.

It was upon his urgent request that the future inroads on the mountain sides leading to Mt. Mitchell were delayed. He felt assured that if the patriotic pulse of North Carolina were touched, if the people of the history-loving and the history-making state should know what was impending to a historic part of this commonwealth the state legislature would take the matter in hand with effective remedies.

The Governor did not think wrong; at least, so far as the Senate was concerned. After Senator Weaver had made an earnest appeal for the conservation of the peak and the surrounding territory, the last resting place of the scientist for whom it was named and who lost his life in exploring it, the Senate enthusiastically voted down the amendment of Senator Muse to reduce the appropriation for this purpose from \$30,000 to \$12,500, and straightway passed the original measure.

Progressive Step in Road Building.

Somewhat battered the State Highway Commission got through the House and now goes to the Senate for consideration. The original bill carried with it an appropriation of \$35,000 annually and had a favorable report from both the committee on public roads and turnpikes and the appropriations committee, the house reduced the appropriation to \$10,000, and still 31 members refused to vote for the amended bill but 96 favored its passage and it passed third reading.

McNairy Succeeds Aycock.

William McNairy of McDowell county was chosen by the Senate as clerk to succeed W. A. Aycock, who lost his life in the accident that so seriously injured Speaker Wooten. He was nominated by Senator Giles and seconded by Senators Weavers and Polk. He is a brother of Senator McNairy.

Prevent Newspapers Getting Passes.

Senator McNider introduced a bill to prevent railroads from issuing transportation to newspapers in exchange for advertising.

Two Notable Bills Introduced.

Representative Carr of Duplin introduced two especially notable bills: one of them requiring that railroads shall furnish refrigerator cars within one day after application is made, and the other that it be unlawful for any girl under 18 years old to work in a factory at night.

Reward For Capture of Blockades.

Representative Kents bill passed providing rewards of \$10 each for the operators of blockade distilleries and those who aid and abet.

MOUNTAINEERS WANT OUTLET

A Line From Edgemont to Newland Would Give Outlet to Tennessee Over E. T. & W. N. C.

Lenoir.—The citizens of Edgemont, in Caldwell county, and Newland, in Avery county, have begun a strong agitation for a railroad from Edgemont to Newland. Already this agitation has taken the form of action and a charter will be applied for at present General Assembly.

The distance between the above mentioned towns is only twenty-one miles and this will not only give the people of Avery the opportunity of a closer association and connection with their former friends in Caldwell, but with this connecting link Lenoir would then enjoy direct transportation facilities with Johnson City, Tenn., since the East Tennessee and Western North Carolina railroad extends from the latter city to Newland.

For several years there has been much talk of extending the Carolina and North Western railroad from Edgemont, the present terminus to some point in Tennessee and it is reported on good authority that the money was actually in hand for this extension some two years ago, but on account of the passage of the Justice-Intra-state freight bill, the project was temporarily abandoned. Among the prominent citizens behind the present movement are W. H. Bagland and J. Robert Campbell, of Newland, and W. W. Barber of Edgemont.

SUES STREET CAR COMPANY.

Charlotte Lady Asks for \$7,000 Alleged Damages for Injuries Received.

Charlotte—Roy B. Diehl and wife Bertha filed suit against the Charlotte Electric Company for \$7,000 alleged damages as the result of an injury during a ride by Mrs. Diehl and her six-months-old baby on one of the company's cars on June 12, 1914.

The allegations set forth that as the result of the actual injury by reason of the sudden start of the car and the humiliation and mental anguish caused by the alleged rude treatment on the car the plaintiff was in bed for a long while, necessitating the service of a physician, and that she is permanently injured. Wherefore plaintiffs ask \$5,000 for actual damages and \$2,000 for punitive and exemplary damages.

Fighting Chestnut Blight.

Asheville.—Western North Carolina lumbermen, who, through the Western Carolina Lumber and Timber Association, recently inaugurated a campaign to have the Lever amendment to the agricultural appropriations bill killed are delighted with messages received from Washington. Both Senator Simmons and Senator Overman have written that they will work against the amendment and will seek to have the government to make an appropriation for the continuance of the efforts against "chestnut blight" and similar letters have been received from a number of the members of the North Carolina delegation in Congress.

Tar Heels Oppose Palmer Bill.

Washington — Manufacturers and others in North Carolina are making a determined fight against the Palmer child labor bill that passed the house recently. Senator Overman has received many letters protesting against the measure, and he has assured constituents that he stands just where he did eight years ago and will not permit the bill to pass the Senate, if he can prevent it.
