# POTASH

is food for thought as well as for crops this year.

When shipments were interrupted by the war, it was estimated that there was enough Potash on hand in the United States to provide two and three per cent Potash in mixed fertilizers for this spring's trade. Some manufacturers had more than enough for these percentages.

Since then minor sources of Potash have been fully utilized, and additional shipments from the usual source are still being received. The supply is below normal, but this need not prevent farmers securing some Potash in their fertilizers, nor should it lead farmers to decide not to use fertilizers.

There is no reason to return to the out-of-date goods without Potash, although some authorities may try to "wish" them on us. We have not used enough Potash in the past. The largest annual import of Potash was only one-seventieth of the Potash taken from the soil by our 1914 corn crop and only one-fiftieth of the Potash lost every year in drainage water.

Spring crops use from two to ten times as much Potash as Phosphoric Acid. Get as much Potash in the fertilizer as possible. A few firms are offering to furnish from four to ten per cent.

There is no substitute for Potash. It may be harder to get just now, but POTASH PAYS.

## HELPLESS AS BABY

Down in Mind Unable to Work,  
and What Helped Her.

Emma P. P. W. Va.—Mrs. Anna Belle Perry, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from urinary trouble, and doctors had to let me out of hopes. I suffered as very much, that I became down in mind, and a doctor less as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the women's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 43 years years old, but feel as good as I did when only 16. Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

## WE NEED MORE OF THEM

Mrs. John Wilhoit of Chatham county is a one-horse farmer of the right sort. He has beef cattle to sell, some 1913 corn still left in his crib, 55 gallons of syrup, 75 bushels of potatoes, 25 bushels of peas, 150 bushels of oats, plenty of vegetables, chickens, hogs, and cows, and three bales of cotton lying by for better prices, says the Sandhill Citizen.  
This type of live-at-home farmer is fairly rare in any Southern State; but there are more of his sort in North Carolina, far more, than in any other state of the cotton belt. Oklahoma perhaps excepted. May his tribe increase.—Exchange.

## INTERNATIONAL SUNDAY SCHOOL LESSON

LESSON FOR MARCH 23

REVIEW.

According to Professor H. Scher the extent of the period we have been studying during the last quarter is 222 years, from the death of Joshua B. C. 1224 to the reign of Saul, which began B. C. 1042. Though other chronologists may differ slightly, this is approximately correct.

We may roughly divide this period into the republic of God and the kingdom of man. In the first section we studied the period of the Judges, Barak, Gideon, Samson and Samuel; one prophetess, Deborah; also the priest Eli and his sons, Samuel and Ahiah; and Ruth, who was an ancestress of our great high priest. In the second section we considered Saul the king, and a prince, Jonathan, Saul's son. While the lessons may thus be roughly divided, yet we feel that a general review of the characters and the principal lessons to be learned from each will perhaps be the most profitable form of review.

There are four things to be said about each character and his relation to the events occurring in Israel: (1) The people had departed from God; there was disobedience and a religious decline (2) God permitted on the part of Israel's enemies oppression that finally became unbearable. (3) There was repentance on the part of the people and an appeal to God for help. (4) God raised up a judge who "saved" the people and through this Judge wonderful acts were performed showing his power and the favor which rested upon Israel. The adult classes can profitably discuss such questions as: "Why did the people so easily forsake God?" "Why and how did their repentance so quickly lead to their deliverance?" "How did God help the people to return unto him?" "What were the methods and the principles used in God's punishment of the people's sin?" "Was this form of government in some a failure?" "Coming to the second section, many questions suggest themselves: "What advantages and opportunities did Saul, the first king, have?" "How did his failure come?" "What was the effect of his failure on the people?" "What were the characteristics of Jonathan's life and character?" "What great message for today do these characters and these two forms of government have?" Doctor Torrey suggests a profitable form of review, viz. a doctrinal review: (1) The teachings of the lessons of the first quarter about Jehovah and the Holy Spirit; (2) The promises, types and manifestations of the Lord Jesus; (3) The teaching about sin and the particular sin mentioned; and (4) The teachings about the word of God. Of course to do all this, or to follow any part of these suggestions will demand that much work shall be assigned in advance and that great care shall be exercised to make any one of these lines a connected and interesting whole. Above all, beware of attempting too much lest the scholars become confused.

If someone can be secured who is moderately successful in using the blackboard an interesting review can be presented to younger scholars by making a drawing presenting a "hall of fame" with panels for Deborah, Gideon, Barak, Samson and Jonathan. Another drawing may, by comparison, be termed the "romance gallery," and may have in it panels for Samson, Eli, Eli's sons, and Saul. Then tell, as simply as possible, the salient points in the history of each and show how God approved or disapproved of their lives; which were used, and which set aside. Any school can have before it on a chart or a blackboard the following:

The lessons, chief persons, chief facts are given in order:  
1. Joshua, 2. Deborah, Judges; a great prophetess. 3. Barak, Gideon, a great deliverance. 4. Gideon, Angel of Jehovah—a great call. 5. Samson, The Three Hundred; a great feat. 6. Naamah, Bath, Grahah; a great resource. 7. Eli, Samuel, Jehovah's great vision. 8. Philistines, Israelites, Eli; a great capture. 9. Samuel, a great victory. 10. Samuel, Saul; a great battle. 11. Nahash, Saul; a great resource. 12. Jonathan, Armor-bearer; a great hero.

If written work is asked for be careful not to assign too much and, as far as possible, assign different tasks to individuals of a given class.  
It would be an inspiration to have a number of girls of the early teen age class to read a brief essay on one of the heroic characters of the past quarter's lessons, also to have a number of boys selected to do the same for each of the important main characters we have studied.  
There is no lack of subject matter for this a period in the history of Israel that teems with life and activity.

## THICK, GLOSSY HAIR FREE FROM DANDRUFF

Thick, Glossy Hair Gets Soft, Fluffy, and Lustrous at Once—No More Falling Hair.

If you have thin, brittle hair, that falls out, and is full of dandruff, you will find that this is the best remedy for your hair.

It is a well-known fact that the hair of the scalp is made of a substance called keratin, which is a protein. This substance is made up of amino acids, and it is the amino acids that give the hair its strength and elasticity. If the amino acids are not present in the hair, it will become brittle and fall out.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Dandruff at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Dandruff. If eventually—why not now?

## AN ACT CREATING TRAINING SCHOOL FOR NURSES AT SANATORIUM

An act of the recent general assembly reads thus: "Power and authority is hereby expressly given the State Sanatorium to organize and conduct a training school for nurses. The superintendent shall be the ex-officio dean of training school for nurses and shall have power and authority to appoint such faculty, prescribe such course or courses or lectures, study and clinical work and award such diplomas, certificates and other evidences of the completeness of such course or courses as he may think wise and proper, and perform such other functions and do such other acts as he may think necessary in the conducting of such training school."

Trained nurses have been one of the strongest forces ever sent out against the White Plague. They meet the enemy on the enemy's ground and there fight to conquer. They enlist patient and household, and when given this support the victory is theirs. They don't stop at telling how a thing is done, but why it is done, and the results to be expected. These health educators are valuable assets to any state, and North Carolina is to be congratulated on this move she has taken toward stamping out tuberculosis.

## ARE YOU RHEUMATIC?—TRY SLOAN'S

If you want quick and real relief from Rheumatism, do what so many thousands of other people are doing—use Sloan's Liniment. It is the only remedy that will relieve the sore muscle or joint with Sloan's Liniment. No need to rub it in—just apply the Liniment to the surface. It is wonderfully penetrating. It goes to the seat of trouble and draws the pain almost immediately. Get a bottle of Sloan's Liniment for 25c. of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

## SLAUGHTERING THE INNOCENT

Nearly one-fifth of all the deaths in the registration area in 1914 were of babies less than a year old.  
And more than a fourth were of children less than five years old.  
King ignorance slaughters more children in many a community every year than ever King Herod did in Bethlehem.  
What will the Health Survey of Orange county disclose? The best index of any civilization is the death rate of helpless children.—University News Letter.

## A Wonderful Healing Influence in Kidney Troubles

A year and a half ago I was taken with a severe attack of kidney trouble that pained me to such an extent that morphine had to be given me. Was attended by a doctor who pronounced it as Stone in the Bladder and prescribed Lithia Water. I took Lithia water and tablets for some time and received no relief from them. I stopped taking medicines for some time, later having some Swamp-Root in the house I decided to try it and felt much relieved. While taking the second bottle commenced to pass gravel in urine until I had passed in all at least half a dozen or more and have not suffered the slightest pain—and in all have taken one bottle and a half and feel very grateful to Swamp-Root.

Yours very truly,  
H. W. SPINKS,  
Camp Hill, Ala.  
Personally appeared before me this 16th day of August, 1909, H. W. Spinks, who subscribed the above statement and made oath that the same is true in substance and in fact.  
A. B. LEE,  
Ex. of Justice of Peace.
