# STATISTICS OF ASHEBORO HIGH SCHOOL GRADUATES

The following report was prepared Mins Kate Brittain and read the class day exercises of the Ashe-boro graded school a few weeks ago: is with breathless expectancy It that you all have watched our stre uous effort to reach the goal which have attained tonight eday. it has almost taken our breath, toowe appreciate your watchful ca and we hope that we have not failed you. For, indeed we are the best looking that have ever gone out from these classic walls, and as for knowledge, we can read more Latin and prove more propositions in geometry, than any class of past history, we are the favorites of our teachers, and we know that we will be greatly missed. In this class of 1915, there are even

dozen, eleven girls and one boy, but this one boy is to be proud of. In intellect and ability, he is equal to more than six of the usual necessary evils We resemble the patriarchs of old

in our combined age, which is 267 years, four months, and 22 days. The The youngest member of our class is Lena Williams, who is 15 but from her actions, you would judge her to be the oldest, and our oldest member , well pick her out for yourself, being a girl, I know the danger of expressing a girl's age, after she has passed the 16th year, but the truth is, our oldest member is 19. The average age of the class is 17 years.

Those in our room would wear a shoe numbering 124%, not counting Mr. Teague, and counting Mr. Teague, we would wear 135'z. The smallest shoe is number 11/2, worn by Fleta Lewallen. The largest shoe number 6, is worn by \_\_\_\_\_, well just look around, not counting Banks Richardson, it is evident what might be a cause for the advance in the price of leather.

While we haven't tremendous weight in our class, yet we weigh nearly a ton, 1376 pounds. The lightest weight of our class is that of Ursel Williams, which is 102. The heaviest member, Ruth McPherson tips the scales at 154 1/2. The average weight

of the class is 12214 pounds. In height, we tower one nineth as high as the Washington monument, 63 feet and 7 inches. The tallest member is Mary Wade Bulla, she is 5 feet and 8 inches, when she is standing straight. While five of our members tie for the same am sky wardness, those are Ruth McPherson, Urzei Williams, Lena Williams, Fleta Lewallen and Kate Brittain, their height being 5 feet and 2 inches. The average height of the class is 5 feet and 8 2-3 inches.

In one year, we have eaten 3136 bushels of flour, or 30,060 biscuits with an average of 84 each day, 7 to each member; also the class drinks 12 gal lons of water a day, and 4,380 in one year, which is enough to run the Asheboro Roller Mill 11 hours, 11 minutes and 36 seconds, and in that time 2,492 bushels of wheat can be ground. We have chewed 500 pack ages of chewing gum, which has kept the janitor busy brushing it from the walls.

By a vote of the class, it was de cided that Banks Richardson is the best all-around pupil with Edna Caveness, a close second. Now you may judge the ugliest girl in the class yourself, but Clarice Presnell got the most votes and Banks Richardson the ugliest boy; Nancy White is counted by her classmates as the prettiest girl, with Ethel Birkhead a second choice. Banks Richardson is by unan vote both first and second choice for the handsomest boy in the class. In the esteem of her classmates, Clara Pugh holds first place as the most popular, with Clarice Pres nell in two votes of her. Edna Cave ness is considerd by her classmates a the most dignified. It is said that some folks are too lazy to look pleas ant, but not so with Ethel Birkhead then, too, she has company, for the votes say, that she and Clara Pugh are mentally opposed to physical la bor and physically opposed to mental labor

"NO POORER THAN HER SOUTH." LaSalle Corbell Pickett, who to our Chautangon with her great loc "Friends of Yesterday," is a reture. markable woman in many ways, and

certain it is that no one in Washington is better loved than she, When her husband, General George E. Pickett, died she was left penniless by reason of the fraud on the part of

LA SALLE CORBELL PICKETT.

those whom her husband had trusted The entire south came to the rescue urging her to accept a sum of more sufficient to protect her as their grate rescue ful recognition of her husband's services. But she replied that the was no poorer than her beloved south and was as well able to support herself.

She did it. She has done it ever since, though many times it has re-quired a courage equal to that of her gallant husband who led his Virginiand through that valley on the third day of Gettysburg. From the time of ber husband's death she has resided in Washington, hiding troubles of her own that she might be free to lend a hand to others in trouble, and in spits of her busy life and vitality consuming duties she has been the social fa

vorite, from the White House down every administration eve through It is only of very recent years the

she has forced time from her other duties to write for publication and still more recently that she has con-sented to speak from Chautauqua platforms, where her brilliant qualities as a lecturer instantly established a place of fame for her all over the country. When she comes to our Chautauq it is confidently expected that the big tent will be filled to its capacity.

# PICKETT AT GETTYSSURG

LaSalle Corbell Pickett, widow of the famous Confederate general who led

the historical charge of Gettysburg, tells of that charge as follows: "Down the slope into the smoke filled valley the devoted men followed him as he rode in advance upon his black war horse. Their ranks were thinned and torn and shattered by the tempest of lead which from every side was

turned on them. Smoke and finme sur-rounded them. But from the rear the men sprang to fill the gaps in front as they pressed after their leader through the tempest of iron. Five thousand Virginians followed him at the start, but when the southern flag floated on the ridge, in less than half an hour, not 2.000 were left to rally beneath it, and those for only one glorious, vic-tory intoxicated moment. They were not strong enough to hold the position they had so dearly won, and, broken hearted even at the very moment of his immortal triumph, my soldier led remaining men down the tuis. again. He dismounted and walked be side the stretcher upon which Genera Kemper, one of his officers, was be ing carried, fanning him and speaking cheerfully to comfort him in his suf-fering. When he reached Seminary Lidge again and reported to Genera Lee his face was wet with tears as he pointed to she crimson valley and said: "'My noble division lies there" "'General Pickett,' said the com-

## TWELVE THINGS TO DO THIS MONTH

1. Be sure to put the stubble lands to work again growing peas, beans, or some other feed crop.

2. Arrange to build a silo if you regularly keep a dozen or more cattle. He sure to see that ample crops to fill the silo are planted.

Watch the health of your hogs, 4. and if you suspect cholora get in touch with your local demonstration agent at once.

Look to the farm machinery that will not be used again until next winter or spring, and see that it is ut away in proper shape. 6. Keep the garden going by plant-

ing late corn, beans and tomatoes, and cabbage, collard and cauliflower seed for winter plants.

Watch your cultivators and see that they are not running too deep. 8. Use the mower in the pastures to keep down weeds.

9. Plant peas in all corn at the last

ast working. 10. Don't forget a liberal planting of late watermelons. 11. Watch all places where mos

quitoes might breed and keep them either drained or olled.

12. Get in touch with your agricultural college and demonstration forces and arrange for a farmers' institute or farmers' short course in your neighborhood this summer .- Progressive Farmer.

Mr. P. R. Yates went to High Point ne day recently to visit his son, Mr. Ernest M. Yates, who has since gone to Petersburg, Va.

lay in Denton last week.

Miss Alma Hunt visited her sister, Mrs. Peter Williams, of Fullers Rt. 1, wer.

There is prayer meeting at Mt. Ta-bor every Sunday night. Mr. J. F. Yates has a hive of bees that has awarmed three times this bor every sunday night.

Our Children's Day the fifth Sunday in May was the best ever conducted at individuals in whatever trials may Mt. Tebor. Rev. Joel Trogdon deliv. come. the closing address, which was ered excellent and appropriate for the occasion.

#### **Constipation Cured Overnight**

Constipation Cured Overnight A small dose of Po-Do-Lax tonight and you enjoy a full, free, easy bowel movement in the morning. No grip-ing, for Po-Do-Lax is Podophyllin (May Apple) with the gripe. Po-Do-Lax corrects the cause of Constipa-tion by arousing the liver, increasing the flow of bile. Bille is Nature's an-tiseptic in the bowels. With proper amount of bile, digestion in bowels is perfect. No gas, no fermentation, no Constipation. Don't be sick, nervous, fritable. Get a bottle of Po-Do-Lax from your druggist now and cure your Constipation overnight.

A WILSON CLASSIC

Baltimore Sun.

President Wilson has written and spoken many fine things since he entered the White House, he has a re-markable gift of fashioning diction that is unusually appealing, but we believe this excerpt from his New York address yesterday to be the noblest sentiment he has ever express-

"For the interesting and inspiring that there are 43,000 negroes

times without war. And we are very fortunate to have such a man at the head of our government. Otherwise, we would more than likely be as many other nations are at present, engaged in human slaughter and devastation.

# NEED OF HEALTH WORK AMONG

Dr. James M. Gandy, president of the Virginia Normal and Industrial Institute, Petersburg,In his annual ad dress before the Agricultural Literary Society at the A. and T. College, aboro, a few days ago, stated sick

thing about America is that she asks every day in the year, causing a net nothing for herself except what she has a right to ask for humanity it-self. We want no nation's property, we wish to constitute a no nation's property.

Just Say, "Parfay"

# Next Time.

Parfay

When you step around the corner, or across the street, to get a drink.

Just say, "Parfav."

Learn this lesson in soft drink goodness. Find out for yourself just how delightfully good and won-derfully refreshing this drink is-this drink that has literally been taking Asheboro by storm.
