Restored to Good Health.

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanererville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.

IN MEMORY OF MR. LASSITER

Thou art gone to the grave, but we will not deplore thee,
Though sorrow and darkness encompass the tomb,
The Savior has passed through its portals before thee,
And the lamp of his love is thy guide through the gloom.

I am made sad that thou art so soon departed, thy friend has passed over his three score and ten—and yet it is my sad lot to miss thee first. I can hardly realize, "You were so much better than I. How wonderful is God's dealings with us. May be the Lord is holding me back—offering me another chance; how I am grieved when I think on these things." But thank God for bright hopes of the beyond. Brother you are not dead, "He that believeth in Me though he were dead yet shall he live," John 11:25. "There remaineth a rest to all of God's children, I praise the Lord for giving you that promised rest from all anguish and toil. I wait the call from the good Shepherd to cross over the River to meet thee under the shade of the trees. I am the way—the truth—and the life." John 14:6.
"Down in the valley with my savior I would go,
Where the flowers are blooming and the sweetwaters flow."
—A Friend.

THE MEXICAN SITUATION

A year ago war with Mexico was imminent. Hearst and American investors seemed to want it. But wiser counsels prevailed.

Gen. Wood estimated that had we engaged in such a war we would probably have sent to the front 600 thousand soldiers. Thousands of our American youth might have perished.

Guerilla warfare would have been carried on for several years. We would have lost the esteem of all the countries from the Rio Grande to Cape Horn.

War was averted by the mediation of the A. B. C. powers—that is, Argentine, Brazil and Chile. It is a good thing for us that our nation did not war with Mexico.

For seven years the American people fought the War of the Revolution. No outside nation stepped in and told us that we were in a state of anarchy—that we couldn't govern ourselves.

Our forefathers were left to solve their own problems, and the result was a grand triumph for free government.

It is not our business to make a bad situation worse. Mexico contains many semi-barbarians. We do not want to annex that country. We do not want those people for fellow-citizens.

TRINITY ROUTE 1 ITEMS

Messrs. Jim Ledwell and Dewey Bulla were among the large number of boys who attended services at Poplar Ridge Sunday night. Rev. Mr. White preached an excellent sermon to the young people, and we hope many of his remarks will not be forgotten.

On account of the tent meeting, the Children's Day services at Gilead will be held in the afternoon only, of the second Sunday in July. So there will be services at the tent in the morning, and at Gilead in the afternoon.

AN INSPIRING UTTERANCE

President Wilson said in a recent reference to the American flag:
"The flag of the United States has not been created by rhetorical sentences in declarations of independence and in bills of rights; it has been created by the experience of a great people, and nothing is written upon it that has not been written upon it by their life. It is the embodiment not of a sentiment, but of a history, and no man can rightly serve under that flag who has not caught some of the meaning of that history."

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.
To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible.

You're bilious, sluggish, constipated and believe you need vile dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

YOUTH IN AGE

There are some people who turn gray, but who do not grow hoary, whose faces are furrowed but not wrinkled, whose hearts are sore wounded in many places, but are not dead. There is a youth that bids defiance to age, and there is a kindness which laughs at the world's rough usage. These are they who have returned good for evil, not having learned it as a lesson of righteousness, but because they have no evil in them to return upon others. Whom the gods love die young because they never grow old.—Marion Crawford.
