Two forces of hands are at work surfacing the road from Asheboro to the Guilford county line. One force is just this side of Randleman, completing the grading just outside that town, and will have the work completed this week. Another force is between New Salem and Level Cross, and expect to have that part of the work completed this week or the first of next.

When these two stretches of road are completed the good road from the Montgomery county line to the Guilford county line will be completed, but the road is not completed from the Guilford county line to Greensboro. In fact, very little has been done or it except the grading. The Guilford county commissioners agreed that they would have their end of the work completed by the time Randolph completed its part. The Randolph county part of the road will be completed within the next week or ten days, and it will probably be several months before Guilford completes that part of the road running from the Randolph line to Greensboro

IF YOU WANT A PIANO, SEE CULLOM, THE PIANO MAN, OR MAKE YOUR WANTS KNOW TO OUR FACTORY AT YORK, PENNSYLVANIA

Our pianos are pianos of Quality, they make you smile and speak gently, or make you wish you had. Some factories build pi-anos for the eye and make you wish you hadn't. A piano of Quality is what the public is now demanding. The The York and Livingstons are built for just such people.

Our pianos are speaking tones of Quality in the following homes in Randolph county: Henry Yow, W. J. Moore, C. W. Brower, Louis Parks, Joe Owen, B. B. Brooks, Milliard Wrenn and others. One lady says: "I am tired of that old goods boxy looking thing sitting up there, sounding like a banjo, I want a piano of Quality." "All right, Madam, see Mr. Cullom and he will relieve you of your old instrument and give you a new one instead," You only buy one piano in a lifetime. Be sure you get one of Quality.
