PUBLISHED EVERY THURSDAY

WM. C. HAMMER, EDITOR

Asheboro, N. C., August 26, 1915

Beginning September 1st, County health officer, Dr. F. E. Ashbury, will conduct an anti-typhoid campaign for the extermination of typhoid fever in this county. Full details in this issue. The treatment is absolutely free and entirely harmless. It is of the utmost importance if you take the treatment at all that you meet Dr. Ashbury on the first round. Three separate injections at regular intervals are required before the treatment is complete.

Let's make a determined effort to rid our county of this dreadful disease. You can help by meeting the doctor on each of the days and taking the treatment.

## PRACTICAL ROADS

Randolph county builds its roads only from 25 to 30 feet wide. These are practical common sense roads. In other words our roads are built from a rod and a half to two rods in width. It is a prodigious waste of land and recklessly heavy maintenance cost to build roads as wide as the ordinary American roadway. Thousands of miles of the best highways of France, Germany and England are but one road wide. A well maintained roadway, a rod and a half, about 25 feet, wide is more agreeable to use in the summer especially.

The Country Gentleman, a high class publication, devoted to the betterment of the home, the farm and the country, urges that American roads be built not so wide and that trees be planted for shade along all public highways.

## GO TO CHURCH

A go-to-church-campaign has been instituted in some quarters. One of the reasons assigned for going to church is to do so in order to be healthy.

To quote more at length from one of the articles prepared in a series of articles:

"A man who does not go to church cannot have a healthy mind. A clear conscience is the greatest tonic for the body. No man can have clear conscience unless he goes to church. Faith and deep religion can accomplish more than the most renowned physician. No man is happy in sin. True happiness may be found in God. You cannot commune with God unless you go to the house of God. God is the great healer.

Let any Christian man deny that he is unhappy when he quits the church. He may be rich and enjoy himself without stint with the pleasures of this world, but in the final analysis he knows and feels that there is something lacking. Men who have not entered a church in years can't conceal their delight when they get back to the fold. They know they are doing right when they go to church. And there is great satisfaction in doing what is right.

"Therefore, while there are a thousand and one reasons why a person should go to church, not the least of these is the reason that going to church makes for a long and happy life on this earth and life eternal in the hereafter.

"Be healthy in mind and body!  
"Go to church Sunday and every Sunday!

"Get your neighbor to do likewise!  
"Help along the splendid go to church movement in this glorious land of ours!"

An excellent primary law has been enacted. It is State wide in its application to State officers and to county officers as well except a few counties in Western North Carolina are excepted and as to all except State nominees counties throughout the State like Mecklenburg, Guilford and others having county primary laws heretofore enacted are also excepted from the provisions of the State wide primary.

It applies alike to both parties. The law applies to all nominations in Randolph. The Courier gives a full synopsis of the law in this issue, and will in due time publish further and fuller explanation and details as to the provisions of the law.

There is an important law enacted by the General Assembly of 1913 which provides adequate punishment for violations of the primary and general election laws. All the good people should unite in an effort to prevent the use of money or other corrupt means of influencing voters, or violations of the law in any way. For many years in most precincts in this county Democratic primaries have been held and have been fairly representation of the will of the people, but they have not been what are known as legalized primaries.

The Courier has every year called attention repeatedly to the importance

of all law abiding citizens seeing to it that not only improper methods be prevented in the general elections but in the primaries, the most resourceful place for evils known in our modern methods of arriving at an expression of the will of the people. Legalized primaries have met with public favor and justly so, but unless there is an organized effort in every precinct to prevent improper methods, there will gradually grow up a condition of affairs, at least here and there. The best way to prevent violations of law is to begin in time, and not wait until after the opportunity has passed, and then cry fire and yell thief as some do who have participated in wrong doing and fail to realize their wishes. Don't all speak at once and say you know who does this way, for there are more than one, and it has occurred every time in the world's history where dishonest men and demagogues have failed in their nefarious schemes to hood wink the people; but in all your lives you never knew the "take on to" men of this type, and they usually with the toddlers who lick their boots disappear in the sea of forgetfulness, and are never heard of after their rottenness and demagoguery became fully known.

## CONSOLIDATION OF DRUG STORES

For several years Mr. W. A. Underwood has operated two drug stores, one in his store building on the south side of Depot street five doors east of the railway station, and known as the Standard Drug Company, the company's years ago having sold out to Mr. Underwood who has been the sole owner for more than twelve years. The other drug store owned and operated by Mr. Underwood was known as the Rexall Store and was in Mr. Stedman's building on Fayetteville street at the corner of the Central hotel lot. This store is closed, and the stock is being moved to the Standard Drug Store as fast as room can be made on the shelves.

There are many toilet articles, stationery and many other things of value that will be sold at greatly reduced prices until September tenth, at which time Mr. Underwood will give up the store on Fayetteville street.

It is impossible to place all this immense stock in one store and it is necessary to reduce the stock greatly, and to do so a cut in prices has been made that will make the bargains attractive.

Mr. W. A. Underwood has accepted a position as traveling salesman for the Rexall Company, of Boston, is the reason for closing the Asheboro Rexall Store.

Mr. James T. Underwood will have entire charge of the consolidated stores, and is assisted by Clyde Cox and Sidney Wood.

Master William Bullard entertained his little friends Saturday at the home of his grandmother, Mrs. Benson Parker.

The lawn at the Parker house rang with laughter and merriment and the hours passed with "quips of frolic and fun" until the "wee sma" hours when Mrs. Parkin entertained the young people of town in honor of her granddaughters, Misses Vernon and Grace Bullard and Miss Mamie Caudle, who were spending some time with her.

Mr. Vick is believed to be a little better today.

## BIG LAND DEAL AT SEAGROVE

A real estate deal which means more for the little town of Seagrove than anything that has happened in a business way there was confirmed last week. Mr. Henry Yow sold thirty acres of land on the east side of the railroad in the center of the town to Messrs. E. B. Leach, C. M. Tysor, J. D. Ross and W. J. Armfield, Jr. This land is very level and suitable for subdivision into lots for business purposes. Subdivision of the land will be made and the lots will be put on the market at reasonable prices.

The little town of Seagrove has grown rapidly for the last few years. A new roller mill, several new stores, and many beautiful residences have been built recently. A large school building will be erected in or near the town within a year or two, and there are prospects for a good church. The fact that the best business lots in the town are in the hands of prosperous and progressive business men is an indication to the future growth and prosperity of the town. Seagrove is the railroad center for a good agricultural region.

## SUNDAY SCHOOL CONVENTION

(Continued from first page.)

etta Betts; secretary and treasurer, Miss Dora Redding; department superintendents; home visitation, C. H. Julian; missionary, Miss Myrtle Lawrence; elementary, Miss Esther Ross; teacher's training, Prof. D. M. Weatherly.

The convention voted to launch a campaign to employ a superintendent for the Sunday school work of the county, which was the most significant step taken by the convention. Next to this in importance was the campaign in the interest of teacher-training and the building up of a circulating library of choice Sunday school books to be placed at the disposal of the leaders of the county.

It is the object of the Sunday school workers to endeavor to employ the superintendent at first during the summer months to keep an office open in Asheboro half of each day. Donations were made the last night of the convention sufficiently large to start the library.

The program used for this convention were pronounced by general secretary Long the best planned of any ever used by a Sunday school convention in the State. Along with the officers and the program for the convention there was given the constitution of the county association and its history. The State association requested copies of these programs to be used as models.
