

CHRYSANTHEMUM SHOW AT RANDELMAN.

By Ladies Aid Society M. E. Church, South.

A most auspicious occasion, social as well as instructive, was enjoyed by the people of Randelman, Saturday, November 6th, when the doors of the School Auditorium were thrown open to the public about one P. M., that they might view the beautiful exhibit of chrysanthemums, ferns, fancy work, etc., which was tastefully arranged in the lower hall by the members of the Ladies Aid Society.

All were made welcome by the President and her committee of able assistants. Upon the right of the main entrance were booths tastefully decorated, containing fancy work and delicious confections.

The chrysanthemums were finest specimens of rare named varieties, rich in coloring and of unusual size, each specimen bearing evidence of many hours of diligent care having been spent upon them, which is always necessary to produce exhibition flowers.

A delicious luncheon was served by the ladies, and all who attended the show were well pleased, and upon leaving agreed that this was but another of the delightful entertainments given by these ladies. A social success, indeed it was, and a financial success it was proven to be, when the treasurer made her report.

The Ladies Aid society wish to thank the School Board for the use of the auditorium, and also wish to extend their gratitude to the merchants, business men, and all who gave prizes, and the townspeople for their hearty co-operation in the success of this entertainment.

They also wish to express to the judges their appreciation of their impartial decisions, and to say that all seemed satisfied with the awarding of the prizes.

The chrysanthemums and ferns were judged by Mrs. Eugene Morris, Mrs. E. H. Morris, and Mrs. W. A. Underwood, who awarded the prizes as follows:

No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

NEED OF ECONOMY

According to what the financial kings of this country say the most urgent need in the United States today is the adoption of a better and more general system of savings. There is no doubt but that prosperity breeds extravagance. The old saying that when money comes easy it goes easy is true. It is in prosperous times that people have an opportunity to lay something aside for a rainy day. This is the best time the American people have ever had to increase their savings and there are the greatest reasons how why such economy should be practiced.

Knowledge of the unprecedented waste of war in Europe should alone stimulate the saving habit in the American people. The greatest opportunity for advancement and development that ever fell to any people will be open to the American people at the close of the war—in fact is already here. Capital will be needed to develop new enterprises and to enlarge old ones. This capital can be provided only by the savings of the people, not of the rich, but of the people as a whole.

EVER SALLIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can't sarsitate.

Don't take calomel! It makes you sick the next day; it uses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Household Economy

How to Have the Best Cough Syrup and Save \$2, by Making It at Home.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 1/2 pint of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2 1/2 ounces of Pinex (50 cents' worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. It keeps perfectly.

And you will find it the best cough syrup you ever used—even in whooping cough. You can feel it take hold—usually stops the most severe cough in 24 hours. It is just laxative enough, has a good tonic effect, and taste is pleasant. Take a teaspoonful every one, two or three hours.

It is a splendid remedy, too, for whooping cough, croup, hoarseness, asthma, chest pains, etc.

Pinex is the most valuable concentrated compound of Norway white pine extract, rich in quinine and all the healing pine elements. No other preparation will work in this formula.

This recipe for making cough remedy with Pinex and Sugar Syrup is now used and prized in thousands of homes in the United States and Canada. The plan has often been imitated but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

"BILLY" SUNDAY'S "TEN COMMANDMENTS"

Strand Magazine.

I.—Thou Shalt Not Gossip.—there are three ways to spread the news—telephone, telegraph, and tell a woman. The devil is so afraid of some of you women he wouldn't get within twenty feet of you.

II.—Thou Shalt Not Covet.—thou shalt not covet thy neighbor's cook, nor his automobile, nor his rubber-tired carriage, nor his private yacht. Many a man would like to have his neighbor's wife. You let her alone.

III.—Thou Shalt Not Tango.—I'm against that rotten, licentious, hell-begotten dance that sends more girls to hell than anything else. I'm in favor of everything that the devil is against, and I'm against everything the devil is in favor of.

IV.—Thou Shalt Not Be Stingy.—Some would be Christians are so stingy that they would steal flies from a blind spider. There are others so mean that they sing through their noses to save wear and tear on their false teeth.

V.—Thou Shalt Not Have Too Many Beauz.—It's hard to fool a real suitor, and a man doesn't want to marry a girl that's been pawed over by every young buck in the community. The frizzle-headed girl that sits up in a dark parlor until all hours of the morning with one buck after another is on the way to perdition.

VI.—Thou Shalt Not Be Conceited.—A conceited man is like a cheap-plate restaurant where everything is in the window and nothing on the table but hot air. Self-conceit will always be a millstone around your neck.

VII.—Thou Shalt Not Drink.—The man who says he can drink and let it alone, lies. No man ever intended to become a drunkard. Every drunkard started out to be simply a moderate drinker. If you believe you can leave it alone, why don't you?

VIII.—Thou Shalt Not Cuss.—One of the things that show the foundation of a man's character to be rotten is to hear him cuss and vomit out oaths. I would not trust a profane man any too far in any transaction.

IX.—Thou Shalt Not Dodge Thy Debts.—Some haven't religion enough to pay their debts. Would that I might have a hook and for every debt that you left unpaid I might jerk off a piece of clothing! If I did, some of you would be left with only a celluloid collar and a pair of socks.

X.—Thou Shalt Not Flirt.—Society takes no note of the flirtation in the street. It waits until the girl has lost her virtue, and then slams the door in her face. I wish I could make a girl who flirts see herself as others see her. If you make eyes at a man on the street he will pay you back.

WINSTON-SALEM MAN SAVED FROM DEATH

J. E. Erwin Says Wonderful Remedy Brought Him Astonishing Relief.

J. E. Erwin of Winston-Salem, N. C., was for a long time the victim of serious disorders of the stomach. He tried all kinds of treatment and had many doctors.

One day he took a dose of Mayr's Wonderful Remedy and was astonished at the results. The help he sought had come. He wrote:

"I am satisfied through personal use of the life-saving powers of your Wonderful Remedy. You have saved my life. I could have lived but a few weeks more had it not been for your remedy. I am inclosing a list of friend sufferers who ought to have some of your remedy."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

ORGANIZE THE TOWNSHIP

(Dr. Clarence Poe.)

Our township serves no purpose in the world, and is not organized except to have a deputy sheriff or constable to serve as policeman. It has voting boundaries, but it has never been organized anywhere in this country so far as I know, except in New England.

A great part of the progress that New England has made, and the great influence it has wielded in the development of this nation lies in this township system.

Just one great American statesman saw this situation, Thomas Jefferson. He said: "As long as I have breath in my body I will reiterate it time and again. I am going to fight for just two things: one is education of all the people and the other is the subdivision of counties into wards, the development of the New England system of township government."

His idea was to give every country community about six miles square a government of its own, its own free alderman or commissioners who could occupy the same relation toward the development of that community that your Town Board of Aldermen hold to the town government.
