Good Farming Pays

Mr. W. E. Funderbury of Union ounty has shown by example that Progood farming in connection with demonstration assistance pays. Four years and ago he purchased a turn that had been little producing from ten to lifteen bushels of corn per nere for teachty-live years. He called to his a-sistance his county not be misfarm administrator and working his farm amine the agent's navice and his day, and has even agently he has brought the average yield to 69 bushels per acre.
Twelve arres of his farm are in grasses and alfolfa which yields big returns The insome from his farm in 1914 was 8600 and it was equally as good for Strace es to the t. 1915.

Presidential Contest Open.

This is "Presidential year" and the political parties are busy making their plans for the een est in November. The nominating conventions come in June and before this time there will be a great deal of campaigning on the Republican side. There has been much talk of Theodore Roosevelt as a candidnie for the Republican nominati and Chas E. Hogbes and Chas. W Fairbanks have been mentioned

On the Democratic side the renom ination of Woodraw Wilson is regard ed as settled. The Republicans are looking for a man to best Wilson. They are not settled on any one man. The fact is they cannot find a man who can win over Wilson, His administra-tion is popular with the people and he more in the favor of the masses every cay.
