THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record

THE needs of the South are identical with the needs of the Southern Railway; the growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privileges not accorded to others.

The ambition of the Southern Railway Company is to see the only network that is born of co-operation between the public and the railroad; to see perfected the safe and fresh policy in the management of railroads which invites the confidence of governmental agencies to realize the liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally—

To make its place in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.

"The Southern Serves the South."

The Globe Nurseries, Bristol, Tenn., Gentlemen:—I had the very best success in all my deliveries at all points. The people were so well pleased that I did not have a single objection. You know that this is remarkable, no fault to find in near 100 deliveries. The trees were all in nice condition.

Yours truly, (Signed) G. W. PULLEN.

An Early Bank

One of the earliest banks was founded at Venice in 1156. That is over 750 years ago. And yet there are lots of people who never avail themselves of the advantages of a bank. This bank was founded in April, 1907. Its officers and directors are men of responsibility and known integrity. And yet there are hundreds of people who daily take chances—keep their money at home—lose it by robbery, lose it by fire, lose it in one of a hundred ways, whereas all they have to do to enjoy ABSOLUTE SAFETY is to deposit it at the—

The Aged Circle

Mt. Gilend, July 23.—On the 18th day of July, 1917, Mr. and Mrs. L. P. Byrd gave their annual dining to the old ladies of Mt. Gilend, who for several years have assembled in their lovely home for a day of social pleasure and heart to heart conversation.

We were particularly pleased with the expressions of appreciation we heard from these ladies concerning the well prepared dinner and the spirit of kindness and liberality which our host and hostess demonstrated toward us, as the evening shades crept upon us we bid each other adieu wondering whether we should all again meet in this dear home whose inmates are ever alert to give real genuine pleasure to old and young.

Our mind reverts back one year ago and a pang of sadness pervades because three of our dear number are missing, namely Mrs. Augusta Skyles, Mrs. Sallie Leibbatter and Mrs. Laura Scarborough. We shall see them no more on earth but will ever cherish their memory.

At this meeting we had fourteen Mesdames Sallie Pool, Lizzie Steele, Betty Thompson, Ellen Andrews, Sadie

Bad Accident Near Raleigh

H. K. Harris and Ernest Elam, former Seaboard engineers, and Miss Alice Harris of Forestville are dead; Miss Lana Luther, trained nurse, of Fayetteville, is desperately injured, and Miss Elizabeth Harris is seriously injured, as a result of a collision with the Seaboard's shoo-fly at Method, three miles from Raleigh, last Wednesday. The accident occurred when the automobile party stopped on the northbound track watching the Seaboard shoo-fly pass. The Seaboard shoo-fly running at a terrific speed bore down on them, but could not be seen by the automobile party because the curtains were down.

Constipation

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

No Successor to Dr. Newlin Chosen

The executive committee appointed some time ago by the board of trustees of Guilford College to select a successor to the president, Dr. Thomas Newlin, who tendered his resignation, has recommended that the office of president be not filled during the coming college year and that the duties of that office be referred to a committee of the faculty, consisting of Prof. Howard H. Britton, chairman; Dr. L. I. Hobbs, president emeritus and Miss Alma T. Edwards. Miss Maude Gaihey has been chosen to fill the position of treasurer so long held by the late Geo. W. White.

Membersville, Ky.—Mrs. Pearl Patrick of this place, writes "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would grip me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and acted so quickly. My digestion was improved. I get well of the sour stomach, my bowels seem normal, my eyes brighten and I rest as well as before and that, and that it was worth the price."

Biliousness and Stomach Trouble

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbylke, Lima, Ohio. "I could eat very little food that agreed with me and I became so thin and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly. Obtainable everywhere."

Mentorsville, Ky.—Mrs. Pearl Patrick of this place, writes "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would grip me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it.
