Asheboro Hi Meets Undefeated Liberty Team Friday Nov. 2

Homecoming Day Will Be Observed Wednesday Afternoon At Lindly

Homecoming day will be observed at Lindly Field Wednesday, November 27th, when the high school team plays the alumni in what proves to be one of the best and most interesting games of the year.

Last year the alumni beat the high school to the tune of 6-0. The high school this year is out to avenge that defeat. The alumni will present a well balanced team, and with plenty of color. Make your plans now to meet your friends at this football game. The alumni are now working out each evening and will be in tip top shape for the game.

Friday the school team goes to Liberty to play the undefeated and unreturned Liberty high eleven. This will prove one of the toughest games of the season for the locals, and one that means a lot to them. Come to Liberty and help support the team of Asheboro there.

Garden Contest For 1935 Closes With Winners Announced

Dogwood Acres, a residential section adjacent to Asheboro, has recently completed a garden contest that was quite popular among the residents of that section and which has improved the appearance of many of the lovely homes. This garden contest has been an annual affair and the 1935 contest was most popular. The winner of the first prize was Ray McCain, whose yard was voted the most attractive for the season. The award was \$8.00 cash. Running close second was the yard of R. Morris with third prize going to William Whitaker. Shrubbery, landscaping and flowers were all considered by the judges. The judges were Bob Weed, Jess Garner and C. L. Scott.

Century Old Posts

D. J. Kemp of Asheboro, route 1, was in Asheboro one day recently and told an interesting story. Mr. Kemp, who purchased the place in Grant township known as the Asenith Cox place, was moving a fence during the past week. In taking the posts from the ground, he noticed they were dated 1835. It was an old custom to date things in that day, according to legend, which custom reveals the fact that the posts have been in the ground for exactly a hundred years. It is Mr. Kemp's opinion that these two posts are good for another hundred. They were slightly smaller where they had been in the ground, but he chopped off the end and planted them deeper. They were of heart pine—the kind produced in Randolph.

Calvin Chrisco and R. H. Brown, of Seagrave, route, were Courier visitors, Tuesday.

Pellagra Sufferers In County Have Received \$300.00 Worth Medicine. Forty Children Are Given Milk Daily

Would Be Randolph's Principal Hope Of Relief In Time Of Disaster.

The annual membership drive for the National Red Cross has begun in Asheboro and the surrounding vicinity, according to reports from Mrs. Robert Wood, county chairman. The goal this year is set at 500 members and Mrs. Wood urges all to cooperate to this end. The last year's membership was 325 and that of the preceding year was 650 for this county.

During this year the national headquarters have supplied pellagra quinine in Randolph county with more than \$300 dollars worth of medicinal yeast. Forty undernourished children in the Asheboro schools were provided with a pint of milk per day. More than \$328 being spent on that item.

In North Carolina storms, (there have been five in 1935), the Red Cross has helped the victims by giving food, clothing, shelter and medicinal supplies to the needy. In the case of the Cumcock Mill mine disaster, in 1923, this organization was the main dependence of the unfortunate. Some of the survivors of the tragedy are still getting aid and will continue to do so until they reach their majority.

Should any great disaster strike Randolph county, the Red Cross would be the principal hope of relief.

The Red Cross has given aid to victims in 128 disasters—eight of which were in our own state, during the past year. In countless other ways the organization is serving humanity and well deserves a generous response to the roll call. In the various work in which the Red Cross is engaged, a total of nearly ten million dollars was spent during the past year by the national headquarters and the 3711 local chapters, and of this the government did not contribute one penny. It came from local dues from contributions and interest from an endowment fund which generous hearted people have given the organization, truly called "The Greatest Mother in The World."

Greensboro Man Is Guest Speaker At Kiwanis Club Meet

The Asheboro Kiwanis club met Tuesday evening with Frank Auman and Rev. Nat. M. Harrison in charge of the program. Rev. N. G. Bethea, of Greensboro, was introduced as guest speaker, who complimented the club on its fine humanitarian work in the community and expressed his pleasure as being associated with an organization so interested in worth while matters.

"Many times," said the speaker, "we are prone to become discouraged in our efforts in building community and civic activities because tangible results are not immediately evident." "We look at our bonds or other securities and view with pride the interest returns we receive from them because they are tangible and definite but efforts to build citizenship and character must be built on faith and continued determination and effort."

W. S. Long explained that he is being transferred to Greensboro to do some special work for his company and would therefore have to transfer his residence there and, for that reason, handed his resignation as a member here. He spoke feelingly of his friendship formed here and his regrets at having to move but expressed his joy at having Asheboro in his territory and would be back here from time to time. President Morris expressed his regrets and the sentiments of the club in losing Mr. Long and assured him that everyone wished for him a profitable future in his new field.

A report was heard from the Under Privilege Child Committee on their work and the needs for attention. Supt. Turner explained that a careful check is being made to determine definite needs in the school and that he felt some work would be worth while a little later. Plans are being made to take care of those needs when they are definitely determined.

Local Ministers Make Plans Union Thanksgiving Service For Asheboro Friends Church

In a meeting of the Asheboro Ministerial Association, held on Monday morning, plans were perfected for the annual union Thanksgiving service in the Asheboro Friends Church. For many years it has been the custom of the people of the town to join in a union service on Thanksgiving day to give thanks for their blessings. The custom has been to hold the service in the various churches of Asheboro in rotation. The ministers also take turns preaching and it is a notable fact that there is always a new minister in the town for this service to which the courtesy of preaching is extended.

This year, Rev. H. P. Powell, pastor of the First M. E. Church, will be the speaker at the service which will be held at the Friends church. In consideration of the fact that many people plan trips for Thanksgiving day and have guests, the service will be held at 9:00 a. m. to enable the public to start the day with a fitting service that has been the custom since that first great Thanksgiving at Plymouth Rock.

Asheboro Citizens Must Vote Before Money May Be Spent For School Lot

Payments May Be Made For Streets Installation Plan

In last week's Courier an article appeared relating to the extension of the payment of any installment of the city fathers was to arrange the payments, in cost and costs into a new series of ten annual installments. Since the street assessments are the only assessments pending, it was not mentioned that this related to street assessments and has caused considerable confusion at the city hall, according to those in charge of the books at that place. This article, appearing on page seven of The Courier last week and entitled "Resolution No. 108" fully explains the matter of deferred payments. The article appears in this newspaper again this week and relates to the payment of street assessments.

There are blanks at the city hall for applications for deferring these payments that may be had for the asking. It is necessary to apply formally. Those in charge of the office will gladly give further information concerning this matter to any who desire additional details.

People Must Vote Before Asheboro Can Legally Supply The Agreed \$4,000.

Outcome Decision To Buy Lewis Lot

Building Plans Call For Large Auditorium And Twelve Class Rooms.

As the Asheboro school building matter goes deeper into consideration of the city fathers and the city attorney, H. M. Robins, it is definitely announced that the people of the town must vote before the money is expended for the necessary lot. According to Mr. Robins, before the city of Asheboro is at liberty to supply the \$4,000 they agreed to pay, matching a like amount by the county commissioners, the people must formally vote on the matter, according to the N. C. Statutes.

It is probable that formal notice of this election, or vote, will be given at an early date and, if carried, which it probably will be, for it has long been one of the most urgent needs of the town, things will begin to move rapidly. Mayor Bunch states that the board will meet soon for discussion of this matter.

In addition to the \$4,000 necessary from the town funds, the \$4,000 from the county, about \$18,000 will be available from private subscriptions for the lot. As will be recalled, the city board, the school board and the special committee of citizens, met recently and decided to purchase the Lewis field in west Asheboro. The lot is 580 by 600 feet.

The plans for the new building call for a large auditorium and twelve class rooms in the L-shaped building. The cost of the building and equipment will be approximately \$17,000. Sometime ago the PWA fund was known to be available and the proper requisition was made by the commissioners for securing this much needed building. Children of the primary and intermediate grades will be housed in the new building with both primary, intermediate and high school work in the old building in south Asheboro.

W. J. Baldwin Has 74th Birthday Fete Tendered By Friends

W. J. Baldwin of Spies celebrated his 74th birthday on Sunday, November 17th with a birthday dinner. This dinner was a surprise tendered by Mr. and Mrs. A. L. Munroe. In a recent letter from Mr. Baldwin he says, "I have been reading in The Courier of the large number of long readers. I was 74 years old yesterday and I read the Randolph Regulator in the early seventies, when I first learned to read. I subscribed to The Courier in its infancy. I am not certain as to the date, but it was around 1879 or 1880 when the late Sam Bradshaw was editor and the late Jack Hamlet was printer. This was sometime prior to the time that Nat Steed commenced work as printer's devil at the shop. So, I look forward every week for The Courier to come in. In fact, The Courier feels like one of the family."

Mr. Baldwin's statement concerning his love for The Courier is not onended in the least, for he is one of a great many old and loyal subscribers that are highly prized by this newspaper. There are several other people who have given us interesting bits of information concerning The Courier of earlier days that will appear from time to time in the paper.
