Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

kidney trouble.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Board of Aldermen.

The Board of Aldermen met in regular session on Monday night in the mayor's office. Outside the regular routine business little was done. The report of the street committee was most satisfactory. It showed that during the short time the new board has been in office that a large amount has been collected for street work, and more money has been paid in for the two days work done under their regime than during the four years previous. W. E. Breese, jr., was elected chief of the fire department for the next two years. The street committee will investigate and determine on the natural flow of water in some sections of the town where there is some alleged deviation of the flow. The mayor and chief of the fire department were instructed to investigate the cost of constructing a suitable place to locate the fire alarm given the town by J. F. Hays.

Nothing in Asheville or anywhere else is superior to the fixtures, and Mr. Mullinax is to be congratulated on his factory turning out such high grade work.

LIVED IN THREE CENTURIES.

Death of Oldest Woman in Alabama. Age Was 116.

Montgomery, Ala., April 20.—Mrs. Marsylla Keith, the oldest person in the state of Alabama, died Wednesday at the age of 116 at the residence of J. D. Long, 406 Heron street.

Mrs. Keith had been bedridden for about six years, and weighed only about 40 pounds at the time of her death.

Mrs. Keith was born in Darlington, S. C., in 1877. She descended from the Scotch settlers who came over to America during colonial times. At the age of 15 she moved with her parents to what is now Montgomery, where she was married to James Keith at the age of 16. A few years after her marriage Mrs. Keith and her husband moved to Butler county and came back to Montgomery in 1853, where she has lived ever since. Mrs. Keith was one of the earliest settlers in Alabama.

She came here when the people were few, and it took all they could do to fight off the Indians and grow enough to keep them alive. Hence her education was limited by circumstances, although she had a bright mind to the end of her life.

Mrs. Keith has lived in the administration of every president of the United States down to the present time, and has also lived in three centuries—1700, 1800 and 1900.

Mrs. Keith had 13 children, four of whom are now living.

The grandchildren are so scattered and numerous that no accurate estimate can now be made of the number. Twenty great-grandchildren have been enumerated. Mrs. Keith had two great-great-grandchildren, the children of Jack Tally, whose wife was a Miss Ella Keith, the great-grandchild of the deceased.
