Hendersonville has two very alluring attractions—its country roads and the double daily trains for Brevard. Both are well patronised.

Beginning with Sunday, June 14th, there will be preaching at Oak Grove M. E. Church South every Sunday afternoon at 4 o'clock until further notice.

The lecture given in the Methodist church on Tuesday night by the Rev. Dr. Abernathy of Waynesville to the K. O. K. A. was greatly enjoyed by the large audience present.

Leroy Ball was down from Lake Toxaway on Wednesday on business connected with plumbing the new hotel. He thinks the hotel will be ready for business by July 15.

Rev. and Mrs. Chapman and Miss Jennie Hume were on the train which was wrecked just outside of Hendersonville last Friday. They received no injuries fortunately.

J. W. McMinn and wife and Chas. E. Orr and wife went to Asheville last Tuesday intending to return the same night, but they missed their train and stayed over until Wednesday.

The News has kept quiet on the Russian massacre of Jews and the Servian assassination until the result of the trials of the Kentucky feudists is announced. It may save writing two articles on the same subject.

Albert Verdery came up last Sunday to spend the summer with his father-in-law, M. D. Cooper. Mr. Verdery met with a painful accident while on the way, having the fingers of his left hand caught in the car door and badly mashed.

Several complaints have recently been heard in regards to parties riding bicycles around the streets at night with no lights. The Aldermen should investigate and stop such an occurrence—make bicycle riders use a light at night.

All who have friends or relatives buried at Davidson river cemetery are requested to meet on the grounds next Friday, June 26, to help in clearing and beautifying the premises. It is hoped that there will be a good turnout, as "many hands make light work."

The brickyard whistle is once more entertaining our citizens with the music of industry. Mr. Shanks has returned from his labors at Lake Toxaway and will push the making of brick during the remainder of the year. There is a ready market here for all the plant can produce.

The News is informed that the pernicious use of dynamite in killing fish in the river has been again inaugurated in the Cherryfield section. The names of the young men who are guilty of this violation of law have been furnished us, but we refrain from publishing same until positive proof is secured. This dynamiting is preventing the stocking of French Broad river with rainbow trout, and the young men who are using the explosive are depriving themselves as well as others of many enjoyable fishing trips. We wish to warn all violators that the News will do all in its power to stop this nefarious business. Beware!

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and one dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
