Notice--Entry No. 2435.

C. W. Henderson enters and claims 75 acres of land in Hogback Township, Transylvania County, N. C.; lying on the waters of Flat Creek, of the south prong of French Broad River, adjoining the lands of G. W. Henderson, L. E. Reese, Julia Ann Galloway and others. Beginning on a hickory G. W. Henderson's marker on the south end of Pine Ridge and runs various courses for complements. Entered this 7th day of July, 1903.

W. M. HENRY, Entry Taker.

WHERE WE DIFFER.

Brevard Always Secures the Best of Everything--The Best Baseball Team, Best Water Supply, and Will Have the Best Streets and Schools.

One of the Hendersonville papers had a fling at Brevard recently about our successful baseball team. (You all remember how our team beat the Hendersonville team a few weeks ago. Well, we beat them so badly with our first nine in the first game that we got up a scrub team to play them the second day, but of course that game did not make the aforesaid paper sore at all—oh, no!) The said article went on to say how Hendersonville did not have time to attend to baseball now as they were fixing up their streets, putting in electric lights and voting bonds for more schools.

It is a fact that Hendersonville has done these things, and it has kept them busy no doubt. Brevard is just getting busy now along the same lines, and in one year from date we will have better streets and as good schools as Hendersonville now has, and mind you we are not half as large. From all reports when Hendersonville was the size that Brevard is at present she not only did not have a town ball team, but 'tis said that you could not even find a knife in the village to play mumble peg with.

There is no doubt about the people of Hendersonville being very busy at present. It is a fact. We went there on Tuesday of last week and got busy as soon as we started up town. The labor consisted of trying to keep from being smothered with the dust that rises on the streets, and it is a mean kind of dust. It is pulverized rock that scratches when you try to rub it off. The citizens and visitors are kept so busy getting rid of this dust that they can't think of base ball. It is a wonder that frequent collisions do not occur, owing to the fog caused by this dust. They ought to require all vehicles to carry fog horns, as you can't see an electric headlight ten feet away. We asked why they did not try watering the streets, and the answer was that they could not as it would wet some of the passersby. It would be a good idea for our neighbor to buy some of this oil that is now being used for laying the dust on roads or, if they can't afford that, Brevard can furnish enough water from the overflow from its reservoir to supply Hendersonville for the next fifty years. We suggest to our neighbors that they follow Scriptural advice and remove the accumulations of rock dust from their own eyes before they try to take any base ball bats out of our peepers.

Perhaps the greatest misfortune they will suffer in this connection is that our people will, we fear, vote down any proposition to incorporate Hendersonville into Greater Brevard if they do not make arrangements

to get enough water to run their ice factories, street sprinkler and bath tubs. But don't get despondent and mad, neighbors. Although you are not in the same class with Brevard in base ball or improvements you still have Hillgirt, Zirconia and Horseshoe who can interest you in any line. Come up some afternoon and watch us water our streets, and we will show you a water supply that does not suffer from thirst during the summer.

One more suggestion: Take some of your gimlet-headed citizens and bore a well and then utilize some of the large amount of hot air and wind that is now loose in large quantities about your town in running pump machines and windmills and get enough water to supply your needs. We will send you a man who can water your streets, if you have water, without drowning any good citizen or visitor.

Industrial Education.

The Industrial Summer School at the State Agricultural and Mechanical College is a great success. Teachers have come from all parts of the state, as well as from other states. The most popular studies are nature study, agriculture, music, English and handwork in weaving, etc. The total enrollment is 305 at the beginning of the second week. Before the close it will pass 400. The enrollment by studies is as follows: Agriculture 92, arithmetic 84, algebra and geometry 46, basketry and rapia-work 51, department of superintendency 29, English 190, French 24, freehand drawing 83, German 11, history 35, Latin 16, methods 97, nature study 148, music 120, manual training 17.

July 4's Awful Death List.

Chicago, July 29.—A man who has been busy gathering statistics of Fourth of July fatalities in the Middle West finds that while only 52 persons were killed 167 have since died from lockjaw caused by slight wounds received on Independence Day. The injured list foots up 4,000. Almost all are boys between the ages of six and sixteen years. Up to last night forty-one deaths alone had taken place in Pennsylvania. Henry Watterson's charge that we kill five hundred persons a year to make a holiday would not appear a startling exaggeration.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me."

For sale by Z. W. Nichols, Brevard, and O. L. Erwin, Cherryfield.

WORLD'S FAREWELL TO DECEASED POPE

Lying in State Ceremonies at An Ind.

RECEPTION BY SACRED COLLEGE.

Whole Diplomatic Body Accredited to the Vatican Assembled in Hall of the Consistory—Eighty Thousand People Viewed Leo's Remains.

Rome, July 25.—On the stroke of midday as the noon gun from the castle of St. Angelo was fired, the lying in state of the body of Pope Leo XIII. came quietly to an end and those few who still lingered at the gates of the chapel of St. Peters were ordered to leave, and some 200 or 300 persons, including Cardinal Gossens, who arrived at Mochlin just in time, passed slowly out of St. Peters, into the sunlit piazza and the world's last farewell to the great pope was over.

Ten minutes later Italian infantry and gendarmes poured out of the Basilica and lined up on the steps in imposing array. The outer gates were then closed and the body of the late pope was left to the tender care of those who had watched by Leo XI. in his lifetime.

Preparations for Interment.

The preparations for this evening's interment were immediately commenced. While the bells of the Basilica rang out their daily melodious noon chorus, the troops formed in columns and were marched to the barracks. Their historic incursion into vatican territory ended without the slightest friction.

It is estimated that 80,000 people passed the catafalque since Thursday morning. The last funeral mass in St. Peters was celebrated this morning. The last funeral mass in St. Peters was celebrated this morning in the chapel of the choir by Mgr. Panicy, canon of the vatican Basilica. At the same time funeral masses were celebrated in most of the churches of Rome.

Magnificent Ceremony.

The most imposing ceremony today was the reception by the sacred college in the hall of the consistory of the whole diplomatic body accredited to the vatican. All the diplomats wore gorgeous uniforms and the church TAKES STRONG STAND.

Will Expel Members Who Sign Petition for Sale of Liquor.

Wilmington, N. C., July 21.—The First Baptist church, of this city, gave the Sunday morning congregation a sensation by the reading of resolutions adopted by the board of deacons condemning the selling of whisky. This church has taken the initiative in the fight for temperance and others will follow the example, it is said.

The resolution referred to states that certain members of the church have signed their names to application for license to sell whisky in Wilmington, and that hereafter any member whose name shall appear on such an application will be expelled from the church. The decided stand taken by the church in adopting these resolutions is the subject of vital interest in this city.

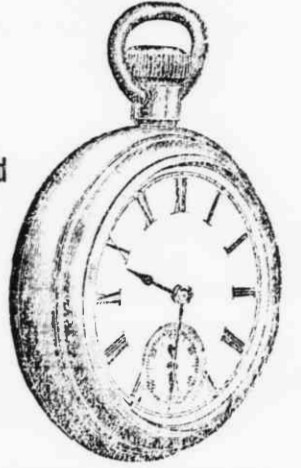

Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me."

Execution Sale

North Carolina—Transylvania County. In the Superior Court. State Bank of Commerce, to the use of Z. W. Nichols, Trustee, for the benefit of M. D. Cooper.

J. R. Zachary.

Notice of Execution Sale.

By virtue of an execution directed to the undersigned from the Superior Court of Transylvania County in the above entitled action in favor of the State Bank of Commerce, a docket is set at Z. W. Nichols, for the use and benefit of M. D. Cooper, against J. R. Zachary, I will on Tuesday, the 1st day of September, 1903, at 12 o'clock M., public auction to the highest bidder for cash to satisfy said execution and costs, all the right, title and interest which the said J. R. Zachary, defendant, had at the time of the docketing of said judgment in the following described real estate or parcel of land, situate in the said County of Transylvania, and being the land of W. A. Gash, J. L. Bell and others. Beginning at a stone near J. L. Bell's corner and running south 124 poles to a stake on the junction of branch; thence up and with said branch to a maple in the DeVane line; thence North 75 degrees East 5 poles to a locust stake in the line of J. H. Duckworth's line; thence south 35 degrees East 24 poles and 30 links to the beginning. Containing 24 acres more or less, excepting however, the homestead of the said J. R. Zachary, which has heretofore been allotted to him and which is included in the above described boundary and for description of which reference is hereby made to the return of the appraisers filed in the Superior Court Clerk's office. A so excepting the following parcels of land that have heretofore been conveyed out of said boundary to-wit: One acre to W. P. Whitmore by S. E. Lucas; ten acres to J. L. Bell and wife by J. R. Zachary and wife, and three acres described in a deed from Della Gash a do others to T. L. Gash. Recorded in book No. 10 at page 26 of the record of deeds of said Transylvania County, which said tracts excepted as aforesaid will not be sold.

This the 15th day of July, 1903.

J. C. KING, Sheriff.

Teachers' Interstate Examination Course.

Teachers wishing to prepare for examinations should write at once to Prof. J. L. Graham, LL. D., 152-154 Randolph Building, Memphis, Tenn., for particulars concerning his special teachers' examination course.

This course is taught by mail, and prepares teachers for examination in every state in the union. Leading educators pronounce it the best course ever offered to the teaching profession, and all teachers wishing to advance in their profession should immediately avail themselves of it. Enclose stamp for reply.
