Town and County Items.

The big sale now on at Whitmire & Verdery's is certainly attracting crowds. Their opening day happened to be one day that it didn't rain and farmers were too busy in their hay fields to come to town, but they certainly had a big trade from town people who know a bargain when they see it. The sale will be continued next week. See ad on 8th page.

This is one year that the mountain resorts have had an equal show with the Sea Shore in securing summer visitors—it has rained all summer in all sections of the country. Those who are escaping from the intense heat have wisely concluded they can keep cool and rest just as well in our elevated plateaus as in the lower latitudes, and the mountains are full of people in consequence.

If the ladies of Brevard will organize a league for the purpose of encouraging a "Town Beautiful" the News will offer one prize of \$10 for the most beautiful plot of flowers in town—rules governing the entries to be established by the league. The only rule we shall insist on is that the plot shall be adjacent to some street where passers can enjoy the flowers. We are certain that if a move of this kind is started the money to pay other prizes will be found without trouble. Begin this fall and let's make our town attractive next summer.

Editor Sylvan Valley News:
Mrs. T. C. Holtsclaw, who has been seriously ill for the last month, is slowly improving.

Joe Ledbetter is claiming the title of "huckleberry king." He says he is the only man that can handle them in 50-gallon lots.

It is reported that some of our young men, accompanied by John Barleycorn, were refused an audience at Eli Holden's recently. A brave stroke at intemperance. May the good work go on.

Several of our young men are working at the big works at Canton, N. C., helping erect the Thompson pulp mill.

The wet weather has greatly hindered farming operations in this section, consequently we have a good crop of weeds, and our hay is still standing.

Willie Baynard has bought a brand new McCormick mowing machine. He says it's the best one he ever saw. We don't know as to that, but we claim it is the first

machine ever run with an ox and a coon-footed horse on Boilston. Still he does good work.

Berry picking and canning has been a pastime for the last two or three weeks on Boilston. Now as the berry season is over, nothing remains but to fall back on the old "tater" for a livelihood.

Miss May Duncan has accepted a position in the central telephone office at Asheville. We highly recommend Miss May's competence for the job and believe she will come through with honors.

The local news on Boilston is just like our cash—we "hain't" none.

Good luck to our kind editor.

Miss Ethel Fowler is on the sick list. We wish her a speedy recovery.

Wilkie Cairnes and daughter Gertie, of Mills River, spent last Saturday and Sunday with I. T. Cairnes.

Swanfee Drake passed through our section last Sunday.

Misses Hessie and Gertie Cairnes spent last Saturday afternoon with Miss Stella Fowler.

M. H. Fowler spent last Sunday on Davidson river.

D. D. McNeely spent last Sunday evening at the home of I. T. Cairnes.

Mrs. Bertie Surret spent last Saturday evening with her father, M. L. Jones.

Mrs. Elizabeth Fowler spent last Saturday at the home of M. H. Fowler.

A world of truth in a few words: "Nearly all other cough cures are constipating, especially those containing opiates. Kennedy's Laxative Honey and Tar moves the bowels. Contains no opiates." You can get it at Brevard Drug Co. *

Maybe the chap that wants to get into jail and can't, has a mother-in-law or something equally as terrible.

In a nut shell, what ails Russia is that the grand dukes do not care to give up their easy jobs.

Now it is Andrew Carnegie who is to be dramatized. Let no innocent millionaire escape.

Having served his apprenticeship in the Chicago packinghouses, Upton Sinclair at last feels competent to tackle "sassiety" as it flourishes in Pittsburg.

There is nothing so pleasant as that bright, cheerful, at-peace-with-the-world feeling when you sit down to your breakfast. There is nothing so conducive to good work and good results. The healthy man with a healthy mind and body is a better fellow, a better workman, a better citizen than the man or woman who is handicapped by some disability, however slight. A slight disorder of the stomach will derange your body, your thoughts and your disposition. Get away from the morbidness and the blues. Keep your stomach in tune and both your brain and body will respond. Little indiscretions of over eating can be easily corrected and you will be surprised to see how much better man you are. Try a little Kodol For Dyspepsia after your meals. Sold by Brevard Drug Co. *
