The country is getting ready for the political campaign this year, and no stones are left unturned by either party. The sheriff has had a busy season taking in taxes, and reports that they are practically all paid up. Nobody seems to want to be disfranchised this year, and that indicates a live campaign.

There was quite a crowd in town on the first Monday, and candidates had a fine opportunity. One of the biggest subjects for conversation was the coming prohibition election and all it involved. An old citizen on the street recalled the interesting historical fact that 30 years ago there was a similar election in the state, and that Transylvania had the honor and distinction of being the only county that voted for prohibition.

A large signboard, advising the public of what Glenn Springs water will do for the human system, leans threateningly over the sidewalk close to the bottling works, and is kept from falling by the support of a fence post. If the post should give way or the sign shift its position in a high wind and somebody happened to be on the sidewalk in front at the same time, an accident might have to be recorded.

JENKINS-M'INTOSH WEDDING.

The wedding bells have been ringing, but so far away that the people of Brevard did not hear them, and had no inkling of the important event affecting the life of a prominent citizen of this place till after the knot was securely tied. Frank E. B. Jenkins and Miss Mary C. McIntosh of Waynesville were happily married last Tuesday at Ansonville, N. C. The ceremony was performed by Rev. Mr. Phelps in the Episcopal church of Ansonville. A. N. Jenkins, brother of the groom, was present in the capacity of best man. The church was beautifully decorated with roses, and a large audience witnessed the union of the happy pair.

Mr. Jenkins brought his bride home to Brevard Wednesday evening, and it was not till their arrival that his friends here had any knowledge of the good fortune that had fallen to his lot. He had disappeared from his usual place of business, on other business bent, and the affair had been kept so profound a secret that the rice throwers were cheated out of their fun.

Mr. Jenkins is a well known business man of this place, and Miss McIntosh was a teacher in the school at Ansonville. The News extends welcome, congratulations and all manner of good wishes.

RALLY AT BREVARD.

The central committee of the prohibition organization met in Supt. Henderson's office last Monday and did a day's work. Besides making the regular weekly appointments for speaking at various places in the county, the committee made arrangements, as far as possible, for a general prohibition rally at Brevard on Saturday, May 16. It is expected that two or more speakers of note will come to Brevard at that time and address the meeting. Col. Virgil Lusk of Asheville, who has made a reputation for himself as a prohibition advocate, will be asked to come, and Hon. Isaac Meekin, of Elizabeth City, will also be invited.

The committee deserves much credit for the work it has done. There is a great deal of necessary routine to be gone through with which requires time and attention. They have gone to the trouble and expense of getting out printed circulars which are distributed all over the county, and the results of this kind of canvass are beginning to tell. It is to be hoped that the meeting in Brevard will be advertised, that a good crowd will be present and good speakers will be secured.
