A Final Word

This issue of the News ends its work in the campaign, and its final advice to voters is: Remember the past history of the county. When the democratic party succeeded in wresting the county government from the republicans, county orders were almost worthless. No merchant would take them at face value in payment for goods, and they were not receivable for taxes. How is it now? Are they not as good as gold at every store in town, and receivable same as cash at the bank or elsewhere? Has the republican party ever had control of the county treasury without leaving the county "in a hole" financially? What assurance have we that the party now is any better or more honest than it was ten years ago? If these are facts, and history proves that they are facts, why should you give control to a party which has proven itself unworthy and incompetent?

The republican party in this county seeks to win the election by fraud. It has printed the democratic county ticket with one or more of its own candidates interpolated, hoping to defraud some illiterate democrats into voting for republican nominees. This may be legitimate politics for an independent candidate who seeks his support from all parties, but for an old established party such methods are nothing but fraud. Is a party which will resort to fraud to get office, safe to trust with the affairs of an honest people?

There is but one safe road for voters in this election: Get your tickets from the registrar in each precinct, and remember the history of the county when you drop them in the ballot box.

It is an easy matter for a candidate to bring charges against the party in power which would require much time to prove false. The one question that interests voters is: Would those who bring the charges be any safer to trust than those who have been tried and trusted and have proven themselves worthy and well qualified? Put on your thinking caps just before voting on the 3d of November.

The writer has not been in touch with the present county campaign, but is always in touch with good government and the welfare of our people. You may have well-grounded reasons to find fault with the party management, but there is no earthly reason why we should turn the county back into control of the republicans. Vote the democratic county ticket next Tuesday, and vote for HON. W. T. CRAWFORD, for Congress.—J. J. M.

When a vice president of the Pennsylvania Railroad, Samuel Rea, contributes to the Bryan campaign fund it is hardly worth while to pretend that business men as a class are afraid of Bryan. M. E. Ingalls is another railroad man who does not believe that national salvation hangs upon William Howard Taft.

For Chapped Skin.

Chapped skin whether on the hands or face may be cured in one night by applying Chamberlain's salve. It is also unequalled for sore nipples, burns and scalds. For sale by O. L. Erwin, Rosman, N. C.

Chamberlain's Colic, Cholera and Diarrhoea Remedy. Never fails. Buy it now. It may save life.

Cornelius N. Bliss, who collected the insurance money of widows and orphans for the Roosevelt campaign of 1904, is still unscrupulous enough to make a public pretense that the election of Bryan would cause a "business crisis"—as if the crisis had not been on for more than a year.

Why Colds Are Dangerous.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgement. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by O. L. Erwin, Rosman, N. C.

Two democrats are on the stump for Taft. This is a very important straw. Both of them are members of the Roosevelt Cabinet, and the fact warrants the expectation that most of the democrats who are holding federal offices will support Taft.

The pain in Ma's head has gone. She's as happy as can be. Her health is right, her temper bright. Since taking Hollister's Rocky Mountain Tea at night.

Brevard Institute Notes.

Editor Sylvan Valley News: Mrs. Anna Wilson, of Piedmont, N. C., has recently removed to Brevard to be with her daughter, Miss Cora who is a student in the Normal Department of the Institute. Mrs. Wilson is the second mother who has come to Brevard this fall for this purpose.

The whole primary department is watching with interest the Geography work of the First Grade. The little ones are studying the different races of mankind and just now are occupied with the life of the Arabs. As they take up the tent life of the nomad, they make a chart showing the tent, the camels, and such habits of life as they can represent. When the Arab travels, they have a caravan of camels cut from paper, crossing the desert. It is hard for anybody in the room to study while this class is reciting.

This is examination week for the second month and most every body is consequently more or less nervous.

Miss Lillian Osteen has returned to school from her home in Greenville, S. C. where she had been called by the sickness and death of her baby brothers. Miss Osteen has the sympathy of all her friends in her affliction. She is cordially welcomed back to the Institute.

Miss Shirley Curtis was called to her home in Candler Wednesday to visit with her brother, who is about to start to the Pacific coast.

The Y. W. C. A. is beginning to get ready for the annual week of prayer, which begins November 8. Meetings will be held each day and a very inspiring occasion is expected.

Rosman Items.

Editor Sylvan Valley News:

Fall is here, and how chilly it is.

Rev. Z. I. Henderson left here for Greenville, S. C., recently.

Miss Bessie Whitmire is spending the fall in the "Sunny South."

The trees will soon be robbed of their beautiful glossy golden leaves.

Well, we are glad to know that Cade Whitmire's arm is about well.

J. J. Miner of Brevard spent one night last week with Drayton Randolph in Rosman. Glad to have him. Come again.

Sorry so many got disappointed at church last Sunday about the funeral service of Mrs. Sarah Galloway; but it will be given out later.

J. S. Silverstein Esq. has returned from the city of New York, but his family still remains there where probably they will spend a few weeks.

Boys, remember this. Keep away from public places drunk and using bad language. If you don't have respect enough for yourselves to prevent profaning the name of God, please don't do it in the presence of ladies. Be careful or the law will stop you and whisper "penitentiary 10 or 15 years." Then you will hate it. LITTLE PEWEE.

Truth crushed to earth may rise again, but it has a tough time during political campaigns.

Hobson's lecture manager should transfer his activeness to the Balkans immediately.

The G. O. P. has had to shake down the small office-holders. Of course the contributions are all "voluntary."

For Chronic Diarrhoea.

"While in the army in 1863 I was taken with chronic diarrhoea," says George M. Felton of South Gibson, Pa. "I have since tried many remedies but without any permanent relief, until Mr. A. W. Miles, of this place, persuaded me to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, one bottle of which stopped it at once." For sale by O. L. Erwin, Rosman, N. C.

AMONG the many merits of International Tailoring, is the very appealing one of square treatment. To begin with, every fabric is sold on its merits and you know before you place your order whether it is ALL WOOL or not.

There is never any discussion about quality—its worth is plainly marked. But, value for value, the International fabrics cannot be duplicated anywhere at any price—nor in the elegance of their designs and colorings. And you ought to see the STYLES at your disposal just now. They will more than please you—and please you as much as the tailoring itself, the grace, the hang and the fit. Call and look the samples over.

For sale by M. J. GLAZENER & SON, Rosman, N. C.
