LOCAL PARAGRAPHS.

Mrs. C. B. Wilson is recovering from a serious illness.

T. L. Snelson moved into his new home on Depot street Wednesday.

John Enloe is seriously ill with pneumonia at his home on Depot street.

Rev. J. W. Briggs has been recalled to the pastorate of Cedar Mountain church.

Mr. William McGaha, who has charge of the county home, is reported seriously ill.

When the ground hog fed from his shadow this year he certainly knew his business.

Thomas Galloway and Esther Chapman, both of Eastatoe, were married Friday, Feb. 9th.

Welch Galloway made a business trip to Greenville, S. C., Monday, returning Wednesday.

Dr. Cummings, representing the Waterloo Wagon Co., made a business trip to Brevard Monday.

At the last meeting of Durn's Rock lodge Mr. O. L. Jones was raised to the degree of Master Mason.

Mr. A. T. Morrison, a member of the Buncombe bar, spent some time in Brevard this week on legal business.

J. H. Mull and family have moved to town from the country, occupying rooms at the home of Mrs. H. L. DeLong.

Mr. Geo. L. Adams of New York, president of the Brevard Tannin Co., spent several days at Pisgah Forest this week.

The Daughters of the Confederacy will meet with Mrs. Fred Miller Saturday at three o'clock. All members are urged to attend.

I. C. Tinsley has moved his small store and meat shop building near the depot. It now stands opposite the W. S. Asaworth residence on Whitmire street.

Rev. J. R. Owen moved into the cottage formerly occupied by C. M. Doyle Monday. The members of the Baptist church pounded their pastor Monday night.

The News office force has been increased by the employment of Julian Blythe, whose father lives at Etowah. Julian is now industriously learning the first steps in the education of the "devil."

J. M. Kilpatrick has the contract for building E. W. Carter's house, the framing of which is about complete. This new dwelling will be another addition to the rapidly growing community on Hamlin Hill.

Brevard Lodge No. 224, K. of P., conferred the second rank upon Claude Cantrell Tuesday night. This lodge is now enjoying a very prosperous season, five new applications being read at the last meeting.

Thos. H. Jordan, of Cherryfield, suffered the misfortune of having his house burned Monday morning. Nothing was saved from the flames. Even all his money was in the house at the time of the fire. The fire started from a defective flue. No insurance.

Some of the citizens in the southern suburbs, Messrs. Doyle, Shipman and Moffett, have made plans to gravel the Broad street sidewalk from the town limits as far as Moffett's residence. This will wrest a little more of the street from rural mud, which is abundant in that section.

The last teachers' association of the current school year will be held here at the graded school building Saturday morning, Feb. 17th, at 10 a. m. The program of this meeting was announced in the News of Jan. 26th. Teachers should read this program and be prepared to take part in the discussions.

Fifteen minutes longer of ignorance would have deprived Mr. C. M. Siniard of his residence one night last week. About two o'clock a suspicion of fire led him up stairs to investigate, and there he found a mantel piece in flames, caught from a box in front of the fireplace. He was in time to put out the fire without much difficulty.

The Bromfield ice factory has been at last made ready for work, the machinery making its initial output last Tuesday afternoon. The capacity of the plant will be five tons a day, and two hands besides the manager—who is Mr. Bromfield himself—will be required to do the work. Mr. Howard of the Henry Volt Company of Louisville, Ky., who has been here for some time installing machinery, leaves the latter part of this week for his home at Morganton.

Quite a little excitement was raised Monday afternoon on the vacant lot in front of the graded school building when a balloon ascension took place. J. W. McMinn, Mayor Breese, W. W. Zachary and a number of other little boys would have had the time of their lives if the balloon had not caught fire directly after leaving the ground.

JOLLY BILL.

Delivering Groceries

That is our business. Trading Groceries for money. It is always our aim to see how much, not how little, we can give for the price. Constantly competing with ourselves, endeavoring to buy good goods at prices which will permit us to sell at lower prices than we have ever made before. There is always something doing here to serve our customers so they will be pleased and satisfied. Are you one of them?
