

DO YOU REALIZE?

That if YOU—while alive and in good health—find it hard to keep the "WOLF FROM THE DOOR," it's a lead pipe cinch that the wolf will get the better of your widow and little ones, unless you bar the door with a New York Life insurance policy. Get one while the getting is good—the rates are reasonable. I will be pleased to fix the matter up for you.

CALHOUN-RAY

A very quiet and pretty home wedding was solemnized at the home of Mr. and Mrs. O. V. Summey Wednesday night, when Miss Grace Calhoun, of Sylva, N. C., a sister of Mrs. Summey, became the bride of Archibald F. Ray, of Asheville. Rev. W. M. Robbins, pastor of the Methodist church officiating, only a few friends of the interested parties were present at the wedding.

Mrs. Ray is a daughter of Mr. and Mrs. J. S. Calhoun, formerly of Brevard, now living at Sylva, N. C., and is well known here where she has many friends. Mr. Ray is a Southern Railway conductor on the Murphy line, with headquarters in Asheville.

After a ten days' honeymoon trip to Washington and New York Mr. and Mrs. Ray will be at home to their friends in Asheville, where they will make their future home.

A UNIQUE PROGRAM

The second open recital by the pupils of Misses May and Grace Johnson was the attraction at the Auditorium last Friday night, and they were greeted by a large and representative audience.

The program was opened by Mr. C. B. Deaver who, in a few well chosen words, gave an outline of the splendid work accomplished by the Misses Johnson among their students.

On account of the length of the program it is impossible to mention every one who took part, but special mention is due little Eliza Henry, only seven years of age, for her beautiful rendition of a duet with her teacher, and a reading by Marguerite Cantrell, only eight years old. These little girls reflected much credit upon their teacher.

The violin numbers were all greatly enjoyed, and the playing of Flaye Corpening, twelve years old, was wonderful, considering his youth and short training. He plays with much ease and a brilliant musical future is predicted for him.

The concert also featured a number of special numbers on the violin and the popular "All About My Place" completely won the large audience. Miss Flora Duckworth also contributed a delightful number to the program.

A special feature of the program, and one that was entirely original, was the ads for the various business houses of the town. The claims of the various business houses had been framed up in catchy rhymes by Miss May Johnson and these were recited by the pupils of the expression department. The verses were every one original and this feature, interspersed with musical numbers, kept the audience roaring with laughter as the various ads were recited. The News hopes from time to time to print a number of these ads, as space will permit.

Women of Sedentary Habits.

Women who get but little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a congested condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere.

BREVARD INSTITUTE NOTES

Some of the young people of the Young Women's and Young Men's Christian Associations have been in attendance almost every night upon the special meetings held at the Oak Grove church this past week—the different ones going out each evening in order to divide the work among them without encroaching upon regular school work. Those who went out there at night studied in the afternoon.

The new officers of the Young Women's Christian Association are: President, Fannie Bane; vice president, Edna Hunt; secretary, Marie Hamrick; treasurer, Blanche Lusner. Those of the Young Men's Christian Association are: Austin O'Kelley, president; John Hamrick, treasurer; Russell Wells, secretary. They were installed Sunday night with appropriate exercises.

Last Saturday night a corn-roasting "bed" was held at the Institute on the old tennis court. A huge fire was built and as soon as it had died away to coals the ears of corn were held over the bed of coals on the end of long sharp sticks until they were roasted. Beautiful moonlight, balmy air and a jolly crowd made an ideal combination, and every one enjoyed the evening immensely.

Miss J. P. Bagwell of Greenville, S. C., was a guest over Sunday. He came to place his daughter, Miss Ellen Bagwell, in school. Her sister, Miss Kathleen Bagwell, has been in school since the opening.

Cheap Paint

There are 100 "cheap" paints and a dozen really cheap ones. That double word "cheap" is the cause of wasting more money than most paint jobs. Two or three times as much paint is used on the "cheap" paint as on the "really cheap" paint.

Two words sound alike but their meanings are opposite. "Cheap" costs double. Cheap is Deyou.
