### Constantinople.

Constantinople was named after the emperor of Rome, Constantine the Great, and founded in A. D. 325 on the site of the old Greek town of Byzantium. It was also called New Rome, and was the eastern capital of the Roman empire for 11 centuries. Greece was part of the Roman empire of the East, and later the empire was often called the Greek empire. The Greek church preserves its name to this day. In 1453 Constantinople was taken by the Turks, and since then it has been the capital of the Ottoman empire. The great church of Saint Sophia was to Constantinople and the Greek church what St. Peter's was to Rome. It has been, since the Turkish conquest, a Musselman mosque.

## RESOLUTIONS OF RESPECT

Whereas God in his infinite wisdom has seen fit to call from us one of our truest and most useful women of our community and Missionary society, Mrs. Frank D. Clement, and whereas we desire to perpetuate the memory of what her life has meant to us, therefore:

Be it resolved, First, that in her death the Woman's Missionary Society of Brevard Methodist church has suffered the loss of a faithful member.

Second, that her earnest Christian character, true consecration and the purity and sweetness of her life have been a blessing and an uplifting force in our society.

Third, that we thank God for the touch of such a life whose influence shall ever be felt, shadowing us with His life, so beautifully exemplified.

Fourth, that a copy of these resolutions be placed on our records, a copy sent to the bereaved family and one sent to the Sylvan Valley News for publication.
