A DISTINGUISHED VISITOR!

Our town had the honor or dishonor (as the different political parties of the country may look at it) of a visit this week from S. Otho Wilson of Gidioniteish infamy. He came here booked for a speech as we understand, but so far as the general public is informed he did not get his speech off. It is believed however that he did speak, but not to the general public in the brand open day light, but to a chosen few in the dark hours of the night. He pretends to be acting in the interests of the Farmers Alliance, that grand organization which at one time had noble and patriotic purposes in view, and at one time had in its power to have wrought out great reform in the interest of the farming class of our people; but alas under the lead of such men as S. Otho Wilson it is simply a political machine run in the interest of a few ambitious demagogues whose purpose are for self rather than the best interest of the people; whose ambition is boodle;—and not reform—such men as Otho Wilson are doing as much to sow the seeds of discontent and unrest among the people as the veriest anarchist in France or Russia. Let the people watch such men because they do not bring "healing upon their wings," but ruin and despair upon their tongues.

We call the attention of our readers to the remarkable clubbing offer in another column by which we can send this paper and the ATLANTIC WEEKLY CONSTITUTION to the same address for one year for the low sum of \$1.25.

The ATLANTIC WEEKLY CONSTITUTION is too well known to need any introduction here. It has won its place at the firesides of the nation as a model weekly newspaper. It numbers on its staff some of the most famous and brilliant writers of the day and on all public questions its lead is ever in rest to defend the rights of the people. It is the largest and most widely circulated weekly newspaper published in America, having a circulation of 155,000, and it covers the news of the world every week. It is in itself an education to those who read it. By the clubbing rate which we offer, our readers can get the WEEKLY CONSTITUTION and their home paper at but little more than the cost of one paper, thereby getting the news of their home and the news of the world every week for a year at an insignificant outlay.

In addition to this, every subscriber to this paper and the CONSTITUTION, under our clubbing arrangement, will be given an opportunity to win some handsome prizes.

Every person who subscribes for this paper and the CONSTITUTION for one year will be entitled to a guess at the probable size of the cotton crop for 1893-94, the crop which is now harvesting and being marketed \$1,000 in prizes, the first being \$400 in gold, and the others in proportion, will be divided among the five guessers who come nearest guessing the number of bales in this crop. Every one who takes advantage of our clubbing rate will be entitled to one guess, which will be promptly recorded and filed and the announcement of the winners will be made as soon as the New Orleans Cotton Exchange announces its estimate of the crop.
