

Yes! Tuesday the 24th.
THE TIMES job office is the place to get all kind of printing done.
Many of our people attended the Cumberland Fair last week.
A large crowd was in town Friday to attend Sparkes' show.
See the Racket Store "ad" on second page.
Look for the supplements of THE TIMES. It will appear soon.
The schedule has been changed on the A. C. L. The North bound passenger arrives here a few minutes earlier than before.

We have secured a correspondent at Benson and one at Troyville which will give us a bit of news for our readers from now on.
Don't fail to read the advertisement of the Dunn Dramatic Club in this issue. They have something good and you should not miss it.
People should read the advertisements in their local paper and patronize those who put their goods before the public. They always give you good bargains.

The Sunfield Herald came out last week with a new head and enlarged to eight columns. The Herald furnishes it's readers a good deal of reading matter and we wish it success.
Dunn can boast of having as good school as any town in the State. We advise parents who have boys and girls to educate to patronize this school.
We call special attention to the "ads" of Messrs. Harper & Hood, D. H. Hood, J. J. Wilson and John A. McKay & Co., which appears on this page.

Ho!—for "Ruined by Drink" which will be read at Town Hall Friday night the 30th by the Dunn Dramatic Club. See full programme in next issue.
Wonder why that good man is having so much work done to that room, "somebody is going to bid-awee to hithelard and apply to him for board."
The Methodist and Presbyterian Sunday Schools will decide next Sunday as to whether they will have an Xmas tree or not. It is more than likely that they will have a tree.

Dunn is the place to buy your Xmas goods. Messrs. Harper & Hood and Mr. D. H. Hood will have a display of everything imaginable in that line, and will treat you right.
Some of our subscribers keep promising to pay, but we see they never do it. If promises would pay for ink and paper, then newspaper men would be "in it," but it takes money to buy such things and don't forget it.
Times are so hard and collections so bad that the editor has cut off his stomach so that he may smoke his cigars shorter. Subscribers take notice and pay your dues.

We want a good correspondent at every post-office in the county and at the towns near by. If our friends will give us the news we will give them a good paper and one which they will be proud of.
THE TIMES believes in, and has always advocated standing by home. Support your home paper, your home merchants and everything that you can get done at home do so, this is the proper way to do. Put your hand in your neighbors, and pull together.
Mr. T. D. Stewart met with the good luck to find a solid gold ring last week which he lost on the streets in Dunn about two years ago. Gainey & Jordan saw the party pick up the ring and took it and found on the inside Mr. Stewart's initials. It is in good condition and looks as if it was new.

Rev. Geo. T. Simmons pastor of Dunn Circuit, commenced a protracted meeting at the Methodist church here last Monday night. There is room for much good being done in our town, and it is hoped that a great outpouring of God's Spirit will be manifested, ere the meeting closes.
We would like to have a correspondent at Godwin, Burdetteville, Pines, Sawm's Station, Spout Springs, Little River Academy, Summerville and Newton Grove. Want some of the good people of these sections send us the local news. We will certainly appreciate it.
All yearly subscribers who will come forward and pay up, will make them a present of Turner's Almanac. This almanac is full of interesting matter and is something that everybody should have in their homes. We extend this offer to all new subscribers who pay in advance for the coming year.

We have noticed for a good while passed that some of the boys who take particular pleasure in defeating the back of the news in the churches. We wish to say that if they cannot have their minds on something more elevating than to sit and mark up that which belongs to our, we think they had better stay at home.
We learn that a certain fellow and his crowd of the 3rd ite tribe, are making some very bold threats in regard to an item that was published a few weeks ago in regard to a matter of no little concern to the good people of old Barnett. We are in for anything and will be there when the roll is called, "and don't you forget it," old fellow.

If those who are in the habit of criticizing others who try to do their duties as church members, would severely criticize that officer of the church for smiling like a whiskey barrel, that would be more consistent, but we understand, that officer is liked by those who are so accustomed to criticizing and don't give a "continental" for what he does. If he was the devil from hell it would be all the same. In other words, let him do as he may wish, he's my man. That's religion right, is it not?
How about this? We will send you the New York WORLD, a semi-weekly newspaper and THE TIMES for only \$2.00. The Commercial Appeal published at Memphis, Tenn., a weekly paper and THE TIMES for only \$1.10. The Atlanta Constitution and THE TIMES for \$1.50. The Home and Farm and THE TIMES \$1.00. The Southern Cultivator and Dixie Farmer, a farm paper published at Atlanta, Ga., and THE TIMES for \$1.50. If any should subscribe at our clubbing rates and fail to receive papers in 15 days after subscribing you will get your money back by calling at our office.

Personal.
Lee J. Best Esq., paid Raleigh a flying visit last Sunday.
Mrs. Horne, of Clayton, is visiting her parents, Dr. and Mrs. W. B. Harrell.
Mr. T. D. Stewart, of Troyville, "one of the boys" was in town Friday.
Mr. R. O. Stewart of Troyville, paid our office a pleasant call last Friday.
Mr. Herbert Atkinson spent several days at his home in Fayetteville last week.

Miss Claude Herrell returned from Florence, S. C., last Sunday, at which place she has been visiting friends.
Mr. Ralph Shaw, son of Maj. B. F. Shaw, of Lillington was here to-day. Ralph is a general good fellow and we are always glad to see him.
Mr. McKay Byrd, who was recently elected Register of Deeds of our county on the Fusionist ticket was on our streets Tuesday, looking as happy as a Jay bird in the month of December.

Benson Dots.
I have not seen anything in THE TIMES from Benson recently and I think it nothing but right that a place of so much note as our town should be "heard from."
Benson is still on a boom with plenty of cotton on the market.
The young folks of our town were delighted to have those young ladies visit them last week.

Miss Pattie Duncan, of Clayton, is spending a while in town visiting relatives and friends.
Miss Emmie Betts, of Buie's Creek, spent two days in town last week and carried back with her many good wishes of a number of new found friends.
Miss Lucy Stencil, of Clayton, lent her charms to the social circle for a couple of days last week.
Miss Myrtle Weeks of the Polenta section, one of "our girls," who recently moved to her country home, came back to see us last Sunday. Come again Miss Myrtle, we are always delighted to see you.

Mr. Henry E. Cox, one of our cleverest young men will leave us next Monday for his home in Mt. Olive, N. C.
Success to THE TIMES. "SAMBO."
Riights of the Maccabees
Our State Commander writes us from Lincoln, Neb., as follows: "After trying other medicine for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it cures where all other remedies fail."—Signed F. W. Stevens, State Com.—Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at Harper & Hood's drug store. Regular size 50c. and \$1.00.

Sparkes' Show.
According to advertisement, Sparkes' show was in town Friday and gave a performance Friday afternoon and also Friday night. It was about the same show it was when it passed through here last year. They give a very good performance, and is well worth the price, 25 cents. It was our pleasure to meet the Manager, Mr. Morrison, who told us they would pass through this way again, in the spring.
Two Lives Saved.
Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Englers, 123 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is a sure result of which there are samples, that prove the wonderful effects of this medicine in Coughs and cold. Free trial bottles at Harper & Hood's Drug Store. Regular size 50c. and \$1.00.

The Public school for Dunn will open next Monday, November the 26th.

S. OTHO WILSON, the Gideonite, and one of the 3rd ites right hand bowlers, got him a new suit of clothes a few days ago, so the News & Observer says. We suppose Uncle Sam furnished them, as it been since the election. We wouldn't care if the old man would "bluff" a suit down this way just about now. Oh! well, we need not be in a hurry the 3rd ites are in now, and we can in a few days go out and pick silver dollars off of anything, as they have been layed, but the time for hatching hasn't arrived yet. Then we will be "in it."

FARMERS say that they cannot live and make 5 cent cotton, and if times do not improve, farming will not do. We think if farmers would raise more corn, peas, potatoes, wheat, meat and cattle that they would find themselves in a much better condition in a few years. Plant only a small crop of cotton, what you can make with your own labor, and make plenty of meat. Try this plan for a few years and see if your condition does not improve.

A good joke is being circulated on a certain citizen of Jonesboro, to the effect that he was so over joyed at the recent victory of the Republicans in this State that on a certain night after retiring to his room, where he was soon to be wrapped in the arms of Morpheus, he suddenly lost control of his emotions and exclaimed, "Glory halleluiah!" and in an instant his Democratic wife, who was pillowed by his side, put forth her two feet and landed him broadside several feet distant on the floor. Comment is unnecessary.—Jonesboro Progress.

Paper in Revolutionary Times.
Paper was so scarce when the American army entered Philadelphia upon the evacuation of the British troops in June, 1778, that there was a want of paper fitted for the construction of cartridges. It was advertised for and but a small quantity procured. An order was then issued demanding its instant production by all the people in that city who had it. This produced but little more, very probably on the account of its scarcity. A detail of soldiers was then ordered to make search for it in every place where it was likely to be found. Among other places visited in July was a garret in the house in which Benjamin Franklin had previously had his printing office. Here were discovered about five hundred copies of a sermon which the Rev. Gilbert Tennant had written (printed by Franklin) upon "Defensive War," to arouse the colonists during the France troubles. They were all taken and used as cases for musket cartridges, and at once sent to the army. Most of them were used at the battle of Monmouth. The requisites in cartridge paper are thinness, strength, pliability and inflammability, and such paper was then necessarily scarce.—Paper World.
