An Uncertain Disease.
There is no disease more uncertain in its nature than dyspepsia. Physicians say that the symptoms of no two cases agree. It is therefore most difficult to make a correct diagnosis. No matter how severe, or under what disguised dyspepsia attacks you, Brown's Iron Bitters will cure it. Invaluable in all cases of the stomach, blood and nerves. Brown's Iron Bitters is sold by all dealers.

For Mothers!
These discomforts and dangers of child-birth can be avoided entirely by the use of Wine of Cardui. It relieves expectant mothers. It gives tone to the genital organs, and puts them in condition to do their work perfectly. That makes pregnancy less painful, shortens labor and hastens recovery after child-birth. It helps a woman bear strong healthy children.

MEELREE'S Wine of Cardui

has also brought happiness to thousands of homes barren for years. A few doses often brings joy to loving hearts that long for a darling baby. No woman should neglect to try it for this trouble. It cures nine cases out of ten. All druggists sell Wine of Cardui. \$1.00 per bottle.

For advice in cases requiring special directions, address, giving symptoms, the "Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. LOUISA HALE,
of Jefferson, Ga., says:
"When I first took Wine of Cardui I had been married three years, but could not have any children. Nine months later I had a fine girl baby."

Women Wage Earners.

Figures furnished by the United States bureau of statistics which, presumably, are obtained from reliable sources, show that there are more than 2,500,000 women wage earners in this country.

Few persons would have supposed that they were so many, and the number is steadily increasing.

The variety, as well as the extent, of the employments of women is surprising.

The report referred to gives the following interesting information on this point.

Female teachers and professors number 250,000, exclusive of teachers of music, who are 35,519 strong, and 10,000 artists and teachers of art.

There are 1,143 women clergymen.

Journalists number 888, with 2,735 authors and literary persons.

Of chemists, assayers and metallurgists there are two score, lacking one.

Lawyers who are not men number 208.

Female detectives are 279 in number.

Only two women have been discovered who are veterinary surgeons.

In Texas a woman has the contract for carrying the mail from Kille to Serrinal Hall.

Georgia has a woman mail carrier; she travels a forty mile route tri-weekly. The young woman also manages a farm.

The chamber of commerce, has a restaurant run by three Scotch women, and they clear about \$15,000 yearly, although their annual rental is \$5,000.

In New Orleans one of the finest orchestras is composed entirely of women. Packing trunks is a St. Louis woman's industry.

A conservatory and rose garden in Elmira, N. Y., is owned and managed by a woman.

At the Young Woman's Christian Association, Philadelphia, two young women are in charge of the elevators.

Women writ-ers are employed with success.

Buffalo has a woman contractor, who is also a quarry owner; she is the only female member of the building exchange.

A Jersey City woman makes her living painting signs.

A Louisiana woman supports herself by raising mint.

The woman manager of a California insurance company is credited with the largest salary paid to any woman—\$10,000 a year.

A French Canadian girl is making her bread by cobbling shoes at Lewiston, Me.

A successful ranch owner in Kansas is a woman. There is a saying to the effect that in Kansas there is no interest, no profession, no trade and no deal without a woman in it.

In Boston are two large advertising agencies, the members of both firms being women.—Exchange.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by McKay Bros. & Skinner.

The President of the Republic of France visits horse races on Sunday. France is now on the brink of a revolution which may break out any day. In this country base ball games are allowed in some places on Sunday and large crowds attend them. Is it any wonder, that nations professing to be christian, have troubles of their own. Desecrations of the Sabbath should not be indulged in lightly by nations, and the nation that allows citizens to do it will be punished therefor. If some reform is not had the days of our Republic are numbered.

Living With a Bullet in the Centre of His Brain.

By means of the X-rays, the surgeons at the German Hospital yesterday located a bullet in the centre of the brain of John Witt, of No. 2422 Callowhill street. The man had shot himself a week ago while cleaning a pistol, and it was not until yesterday that the bullet could be found. The unusual place where the bullet has lodged makes it impossible to remove it, but the doctors hope the wound may heal. Witt feels no pain and seems to have perfect control of his faculties, but the injury has paralyzed the right side of his face.—Philadelphia Record, 15th.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. Respectfully, Mrs MARY A. BEARD, Claremore, Ark Sold by McKay Bros. & Skinner.

"New Philippines."

Probably the fact is not generally known that Texas was at one time and for many years called the "New Philippines." The first settle in what is now Texas was made by French emigrants in 1685. During the next 25 years there was an intermittent struggle between the French and Spanish for supremacy, resulting in favor of the latter, and in 1814 the name of the New Philippines was given to the country. This was its official name in Spanish records for many years, and until the name of Texas, from a tribe of Indians, gradually came in vogue.—Indianapolis Journal.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; I cough set in and finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am saved and now a well and healthy woman." Trial bottles free at McKay Bros. & Skinner's drug store. Regular size 50c. and \$1.00. Guaranteed or price refunded.

Yankee Brag.

Apropos of the proposed "Anglo-American alliance," the story of Horace Greeley's neat rebuke of the Englishman who once agreed with him too literally may be worth telling. Mr. Greeley, says Youth's Companion, was discussing, in a general company, the faults and needs of his own nation. "What this country needs," said he, in his piping voice and Yankee accent, "is a real good licking!" It happened that there was an Englishman present, and he promptly said, with unmistakable English accent: "Quite right, Mr. Greeley, quite right. The country needs a 'licking.'"

But Mr. Greeley, without glancing in the Englishman's direction, or seeming to pay any attention to the interruption, went on in the same squeaky tone:

"But the trouble is, there's no nation that can give it to us!"

Mr. P. Ketcham of Pike City, Cal., says: "During my brother's late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by McKay Bros. & Skinner.

Mind Your P's.

Persons who patronize papers should pay promptly, for the pecuniary prospects of the press have a peculiar power in pushing forward public prosperity. If the printer is paid promptly, and his pocket book kept plerotic by prompt paying patrons, he puts his pen to his paper in peace, his paragraphs are more pointed, he paints the picture of passing events in more pleasing colors, and the perusal of his paper is a pleasure to the people.

Paste this piece of proverbial philosophy in some place where all persons can perceive it.—Exchange.

An Associated Press dispatch from Ocala, Fla., Monday says: Two negroes were lynched at Dunnellon, last evening, by an infuriated mob of their own color. Some weeks ago Marshal Payne was shot by a negro. Saturday the negro was captured and returned to Dunnellon, when, it is supposed, some negroes were employed to take him down the river and drown him. Sunday evening the laborers of the Dunnellon Phosphate Mine heard of it, and at once organized to mete out similar justice to those implicated. They succeeded in lynching two of the men, and were only prevented from lynching nine others by the appearance of Sheriff Nugent and an armed posse, who went down on a special train from Ocala. The posse returned this evening and reported everything quiet.

Keep your money at home so far as possible, is an injunction we cannot lay too much stress upon. It will have much to do with making your city prosperous. Surely, by spending money away and working against your home people can never result in any possible good. All the effort that you put forth to hurt home people reverts back on you, and when you spend money abroad that you should have spent here you simply fail to do that by which your home people's hands would have been strengthened. The merchant rents your store, your dwellings and spends his money with you, then is it not right that you should spend your money with him? If it pays this great government to have a tariff to keep out foreign competition, then it would pay home people on general principles to spend their money at home. It is patriotic it is right and you should buy everything at home it is possible to buy here.—Winston Journal.
