#### A Canning Factory.

CAPACITY 1000 CANS PER DAY.

I buy peaches and tomatoes. I sell tin cans and pack fruits to order. I use water, steam and syrup of sugar and pack fruits free from adulteration. Bring your peaches to me and I will save you money, labor, time and cost of glass jars. Fruits properly packed in tin cans retain their original flavor. This is lost in glass jars.

Deliver your peaches to me well assorted. "Presses" in boxes to themselves holding one bushel each. "Clearstones" in boxes holding one bushel each. Gather your peaches when just ripe. Let them be uniform in size and ripeness. Such peaches will bring good prices if they have any size.

I shall employ none but neat packers and guarantee satisfaction in prices, cleanliness and quality. You lose no fruits in tin cans. I teach you how to use the same tin can for any number of years. The tin can will not freeze or break and can be filled any number of times during the same season.

All ladies who are interested in canned fruits and catchup are invited to visit the factory. Factory located near Main Street, East Dunn.

1904.

The Democratic party will fight for Supremacy in 1904 along different lines if the expressions of prominent democrats from all parts of the country mean anything. These expressions don't come from so-called McKinley democrats either, but from prominent leaders who have been earnest in their support of the Chicago and Kansas City platforms. Political parties like armies fight battles to win and an army that is always losing will soon be completely depleted and left with not force enough to do guard duty, so with a political party that undertakes to win with dead issues, they will continually be defeated and every defeat loses them thousands of votes. This has been the experience of the democratic party of recent years, they have made their campaigns on some dead issues and advocated some men and measures that the great business interests of the country have been afraid of and the consequence has been that they have not only been defeated, but have failed to get the support of some of the best men in their ranks. What the party needs to do is to get its best thought together and adopt a platform that is up-to-date, nominate a man that the people of the country have confidence in, especially the business interest and we are confident that the next president will be a democrat. The greater part of the laboring class of the country are in sympathy with the party but when the business interests of the country become alarmed and predict dire calamities if a certain party is successful, then labor gets scared and goes with them, so it is absolutely necessary that we have the support of both if we are successful and this we can get if we act wisely.—Aberdeen Telegram.

#### Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, LaGrippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at C. L. Wilson's.

#### The Drouth And Corn.

The intense heat and long continued drouth in the States which raise a great percentage of corn have caused a marked advance in price. Secretary of Agriculture Wilson believes that the probable loss has been exaggerated and that rains in the next few days will insure an average crop. He urges that it should be cultivated a week or two later than usual where drouth is damaging it and believes that such action will increase the yield to a marked extent.

It is certain that even a yield of two billion bushels, which seems unlikely at the present time, will be needed at fair prices, and a less yield means a greater price. The Southern farmers who raise a good corn crop this year are to be congratulated, and the high price corn is now selling for speaks loudly of the folly of placing "all the eggs in the cotton basket," even when cotton is bringing a price that makes it a great money-making crop.—Home & Farm.

#### Says He Was Tortured.

"I suffered such pain from corns I could hardly walk," writes H. Robinson, Hillsborough, Ills., but Bucklen's Arnica Salve completely cured them." Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by C. L. Wilson, 25c.

#### "Ads" as Reminders.

Only the business man of long experience is able to realize how prone the people are to procrastinate, especially in the matter of making purchases. Their attention must be called again and again to their obvious needs, and they must be spurred up to buy now what they have resolved but have neglected to buy. One important part of the purpose of advertising is to remind people that they need certain things.—Philadelphia Record.
