—Cotton 8¢ to-day.
—Phillips & Co. have opened up a branch store in the building next door to C. L. Wilson.
—The mechanics are now engaged in cutting the timber for the erection of Mr. E. F. Young's residence.
—Work is rapidly progressing on the large two-story brick building for Mr. John E. Wilson on Broad street.

—Monday August 26th is the last excursion from Dunn to the seashore. Hatch Bros. will give you the trip of the season.

—Lumber is now being placed by Mr. Geo. E. Prince in the western part of town for the erection of a nice dwelling.

—Mr. L. P. Jernigan has opened up a meat market in the old Sexton building, fronting Lucknow square.

—Ex-Governor Thomas J. Jarvis says: Littleton Female College is doing a great work for the Church and the State.

—Wait for Hatch Bros. big excursion to Wilmington and the Beach, August 26th. Round trip \$1.75, children \$1.00.

—Some of our sidewalks are covered with weeds. It is impossible to travel them after a rain without getting wet to your knees.

—An assistant merchant and book-keeper arrived at the home of Mr. J. J. Wade yesterday. He is a fine boy and brings sunshine and happiness in the home.

—Rev. D. H. Petree, pastor of the Christian church, is conducting a series of meetings at the church this week. He is an excellent preacher and all are cordially invited to attend the services.

—Enjoy yourself, laugh and grow fat, dip yourself and be clean, used when you go to the seashore on Hatch Bros. excursion August 26th.

The remains of the little child of Mr. and Mrs. A. B. Naylor, of Rowland, was brought to Dunn Monday and the interment took place at Greenwood cemetery at 2 o'clock.

The price of school books has been greatly reduced. The retailers profits has also been cut to almost nothing, therefore school books will be sold only for the cash. This rule applies to everybody alike. Don't ask to have school books charged if you don't want to be refused.
HOOD & GRANTHAM.

—As is generally known the last legislature reduced the price of school books from 25 to 40 per cent. A depository for the sale of the books has been established at the drug store of Hood and Grantham, the only place in town where the public can be supplied.

—Services were held at the Presbyterian church Sunday morning and night by Rev. J. N. H. Summerill, of Washington, N. C. At the morning service the ordinance of baptism was administered to the little child of Mr. and Mrs. J. K. Grannis. Two excellent sermons were heard by a large and appreciative audience.

—As an evidence of the value of advertising we mention the following item. About two months ago Mr. Henry Norris put a small "ad" in the paper about the loss of some hogs. The hogs were worth \$20 and he spent 75 cents to advertise them. One day last week the hogs were seen by a lady passing along the road. She stopped and examined the mark and as she had read the advertisement knew they were the hogs. Mr. Norris was notified and went for the hogs and found them to be his. Does it pay to advertise?

A Narrow Escape.

Mr. Noah Reeves, a young man living in Sampson county, was in town last Saturday morning with three bales of cotton on his wagon. He attempted to drive across the railroad at the Broad street crossing when the train on the side track was coming back. The front wheels of the wagon had just cleared the track, the car struck the wagon, knocking it off and crushing the rear wheels. The cotton was tumbled down beside the track and the young man fell to the ground and managed to stop the team. It was a narrow escape for the young man and his team. Had they been two feet back the result would have been serious. For a long time we have expected something serious to happen at this crossing, and unless some steps are taken to give the people protection it is liable to happen at any time. We contend that the town authorities should ask the Railroad Company to place levers at this crossing and when freights are shifting and passenger trains coming in have the levers let down across the crossing. This would prevent any one with a team, or any one else rushing across the track in front of moving trains. Unless some remedy is applied we may expect something bad and serious any day.

—About forty people left on the Norfolk, Baltimore and Washington excursion yesterday morning.

—Do we not need better protection at the railroad crossing on Broad street? If the Railroad Company will place levers at the crossing it will be much safer for the people.

—A series of meetings will commence at the Free Will Baptist church Saturday before the third Sunday in August. The pastor will be assisted in the meeting by Rev. J. F. Hill, of Goldsboro.

—No services were held at the Baptist church Sunday. Rev. S. J. Porter went to his home at Fayetteville Friday night and expected to return Saturday but was taken sick after reaching home and was unable to return.

—Mr. Willie Ennis, of Grove township, sold the first new sweet potatoes on our market last Saturday that we have seen this year. They are fine ones and speak well for Mr. Ennis as a hustling and successful farmer.

—The remains of the little two-year-old child of Mr. and Mrs. N. B. Norris, of Goldsboro were brought to Dunn Saturday evening and carried out to Pleasant Grove for interment. Mr. and Mrs. Norris lived in Sampson county.

—Hatch Bros. will run their last excursion of the season from Dunn to Wilmington and Ocean View Beach on August 26th. Everybody get ready and go.

—William Parker, the colored boy who was hurt in the explosion of the soda fountain tank last week, is getting on with his injuries as well as could be expected. His physicians think they will be able to save his leg.

—At 6 o'clock Saturday morning, Mr. C. B. Aycock, Jr., son of Governor C. B. Aycock, died at Wilson of typhoid fever. For the last few days there had been but little hope of his recovery. The entire State sympathizes with Governor Aycock in his deep sorrow.

—Our readers will take notice of the change in the advertisement of the John A. McKay Mfg. Co. in this issue. It is a fact not generally known to the public that Dunn is one of the most complete, modern and up-to-date machine shops to be found in the South. You can get any kind of iron work done right at home-work that cannot be done in some of the larger cities of the State. The very latest improved machinery is used in the plant and thirty men are employed daily to carry on the immense business already established by the company. This is an enterprise to be greatly appreciated by the people of this section, for it means no little to them in a financial way. You can save from \$15 to \$75 on every job that you might have to send away from home. It is an enterprise to be appreciated by our town for it turns loss at least \$1,500 per month to be spent in our midst. The firm is in a most prosperous condition and a great future awaits it. Its future success can only be judged by its past record. Long may it prosper.

—"Things are not always what they seem." The editor fully realized the truth of this saying one night last week while on his way to church. He almost exhausted himself killing what he thought to be a large snake, using as a weapon a 2x4 scantling. On investigation he found it to be a black belt. He lost fully ten pounds of flesh in the battle.
