There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. Wells, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overpromised yourselves but resolved to give it a trial. To my astonishment, the tria acted like a charm. Send me a full size bottle."

Rev. Dr. Morris Wechsler,
Rabbi of the Cong. Bnai Israel.

New York, Jan. 3, 1901.

AVON SPRINGS, N. Y., Feb. 1, 1901.

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 120th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,
O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am ever grateful. I have family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make use of as you see fit.

They All:

Come Back.

Yes, I'll go back and try E. LEE'S HARDWARE HOUSE. I have always been treated alright there, I see no use to change. I can buy my Hardware, Harness, Saddles, Bridles, Building Material, such as Lime, Hair, Cash, Doors, Locks, Hinges, Nails &c., just as cheap from him as anybody. Then I always get just what I buy, a good class of goods and full weight.

HAND-MADE HARNESS. I wish to impress upon your mind that the BEST is the CHEAPEST. If you buy a set of machine harness and give \$8.50 and it lasts you 5 years and you buy a set of Hand-made Harness for \$10.00 and it lasts you for 10 years have you made money? Any sane man will tell you yes. So buy the best.

Stoves and Hollow-Ware.

I have beyond doubt the best Cook Stove on the market. Garland Stoves and Ranges warms homes and cooks food for millions of people everywhere. With these Stoves you have something good to eat. Your wife and yourself in good humor. Don't fail to buy a Garland Cook Stove. I always make prices right.

Crockeryware. My line of Crockery is almost complete. Everything from a 25c set of Cups and Saucers to a nice imported 100 Piece Dinner Set decorated or plain white. I meet competition in prices.

Glassware. I have a line of Glass-ware that is not surpassed in town. Lamps of almost any kind you want. Lamp chimneys you can throw against the floor and stand on or drive nails with. All kinds of tumblers and goblets. Jelly glasses for 25 cents per dozen. Tumblers at 20 cents per set. 18 Gross Mason Fruit Jars. TIN AND ENAMELED WARE. I carry a nice varied line of this class of goods and always try to please everybody in price and goods.

Guns, POWDER, SHOT AND SHELLS. This season I have paid special attention to buying the above named goods and am in position to give the best goods for the least money.

Cutlery. My line of Cutlery is simply out of sight. There is no better knife or razor than Boken, always known by the tree on it. Dice Harrows, Grain Drills, McCormick Mower and Rakes, Binders &c. all for sale here. Remember the place. E. Lee's Hardware Store.

Stop let me tell you. In the near future I expect to build a large brick store and in order to raise all the money I can and lot have to move goods to my new store I will sell all my summer goods at cost. Besides many other things too numerous to mention.

I am going to sell Hardware and Harness this season regardless of profit, I HAVE GOT TO HAVE SO MUCH MONEY. I have bought the goods and they must go. The time has come when E. Lee leads in Hardware and Business and others follow. If honesty, square dealing, small profits merit anything then I ask for your trade.

Respectfully,
E. LEE,
Dunn, N. C.

Anarchists in This Country.

We do not find a great amount of material for astonishment in the growth of anarchism on this continent. Numbers of our contemporaries seem amazed at the fact, but we fail to follow them.

In our opinion, any intelligent study of this question must begin with the hypothesis that anarchists are opposed to government, and therefore to organized society, no matter what its character and form. They do not draw distinctions. Autocracy and democracy are the same in their philosophy. As a matter of fact, in all that relates to our purely personal doings we are governed much more in this country than men are in any foreign empire. Thus, if the anarchist reasoned at all and wished to influence government in his own interests—or, rather, in the interests of his selfish predilections—he would take active part in politics, endeavor to make himself felt, and strive for the enactment of laws enlarging his liberty and dilating the circumference of his activities. As we have said, however, the anarchist objects to governmental institutions of every kind. He sees in a republic as much to hate and to oppose as he sees in an oligarchy or a throne. He wants chaos and will be content with nothing less.

Anarchists flock to this country, and no wonder. We have stretched the idea of "free government" to the point of folly, if not suicide. Our orators and statesmen have become so intoxicated with the sound of "liberty" that they have created the substance of license. We parade as a matter of patriotic pride these dangerous political dissensions which should be a cause of patriotic sorrow and alarm. We open our arms to the human sewage of every nation; we have conferred American citizenship upon hundreds of thousands of half-savage wretches who cannot speak our language or understand our institutions. Their purchased votes corrupt the sources of our government, while their pestiferous activities, protected by our folly, are directed against the integrity of this republic as fiercely as against that of the most insensate tyranny in all the world.

We have laws in this regard, but their operation is to prevent the immigration of honest and industrious German peasants, who always make good citizens, while anarchists and professional cutthroats and incendiaries swarm through our gates without a challenge. The officials at New York will exhibit almost superhuman vigilance in the case of a poor girl coming here to marry her lover. A few years ago they rose up in their majesty and forbade the admission of the Dutch diamond-cutters, who were intelligent and prosperous and would have constituted a valuable addition to our national industries, our taxable property, and our population. But the educated assassin, with a few dollars in his pocket and a bomb in his valise, walks down the gangway with none to say him nay. That anarchic multiples and flourishes in this country is not a matter of surprise. It is the logical result of causes we have ourselves ordained.—Washington Post.

Faithfulness.

Faithfulness is the explanation of many a successful career. Opportunity, ability and the friendly assistance that may be given all tend to further one's efforts, but the persistent, undaunted faithfulness to the labor in hand, in the very face of opportunity, and hindrance, and obstacles, is that which conquers. The character that is developed by devotion to duty, in life's smallest undertakings, is being equipped for glorious achievements. There in is found the secret of success.—Presbyterian.

He Kept His Leg.

Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and 1-2 boxes of Bucklen's Arnica Salve and my leg was sound and well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them C. L. Wilson will guarantee satisfaction or refund money. Only 50 cents.
