FOR HARNESS and Saddle Seres Mexican Mustang Lini-ment is just what you need. It takes effect at once, and you will be astonished to see how quickly it heals seres.

It's this way:

You can burn yourself with Fire, with Powder, etc., or you can scald yourself with Steam or Hot Water, but there is only one proper way to cure a burn or scald and that is by using

Mexican Mustang Liniment.

It gives immediate relief. Get a piece of soft old linen cloth, saturate it with this liniment and bind loosely upon the wound. You can have no adequate idea what an excellent remedy this is for a burn until you have tried it.

A FOWL TIP. If you have a bird afflicted with Roup or any other poultry disease use Mexican Mustang Liniment. It is called a STANDARD remedy by poultry breeders.

misunderstanding of orders. day. Several train hands were injured, but no one was killed.

Twelve thousand people greeted the Wild West show in Charlotte yesterday, and it left at midnight for Danville, Va., where it was to have made its last stand of the season. At Danville the show was to have disbanded and the animals sent to Bridgeport, Conn., to go into winter quarters. The show left here in three sections. Near Lexington, as the second section was going at twentyfive miles an hour, a fast south bound freight train crushed into it. Both engines were wrecked. Next to the engine of the show train were two large stock cars containing the horses, and this s where the slaughter occurred. The cars were smashed into a huge distorted heap of debris, only two horses escaped alive. The scene was sickening, and from the wreckage blood poured in a stream that ran alongside the railroad track in a small rivulet. Col. Cody's engagement at Danville cancelled in consequence of the disaster, which marked the close of a very successful tour.
